DIYOTT FEARS XINGU PERIL

Explorer Tells of Hollander, Said to Rule Jungle Tribe and Execute Whites Who Cross Barrier

NEW YORK, Dec. 13. (Exclusive)—A report of a Hollander who rules as the chief of a tribe of savage Indians in the area Commander George M. Diyott must penetrate on his Pawcett rescue expedition has come to the explorer's attention.

The report may be entirely fantastic, Diyott said, but it is a warning that anything can happen in that remote Brazilian wilderness.

In any event, the story is worth keeping in mind.

This Dutchman is supposed to have gone into the wilds with six men. Two of them died before the expedition reached the Xingu territory, where I am going. The others pressed on and crossed the Xingu River. And they never returned.

BECOMES CHIEF

The story is that the leader of the expedition fell in with a tribe of savages, imposed his strong will upon them, and eventually became their chief.

"And, so the report goes, he so dominates his Indians that any stranger now arriving on the edge of his territory is killed by his orders."

Another mystery of the Brazilian jungle was reported to Commander Diyott recently. It concerns a German, John Necker. Last March he was sent out to find a tribe of Indians who had been reported to have been killed by his orders.

"Has there been a tragedy there?" said Commander Diyott. "Perhaps. It would be only one of many in that strange region. Death there comes suddenly, swiftly, in curious ways."

An American sea captain is another on the jungle's list of vanished men. He heard stories of a fabulous mountain of gold in the unknown country lying between the Xingu and Tapaje rivers. In March, 1908, he set out to find it. Three or four months later he crossed the Xingu and since then, only silence.

MYSTERY BARRIER

"Many people have approached the Xingu from the east, intending to

penetrate the area between it and the Tapaje River," said Commander Diyott. "Apparently everything goes well until they reach the Xingu. But once on the farther shore these adventurous souls have a habit of disappearing, never to be seen again."

There is the tragic case of Buchon, French surveyor. He went down with beriberi while he was exploring along the Yaturu River, a northern affluent of the Amazon. He sent his one companion, a half-caste, for help. When the half-caste reached civilization he forgot why he had been sent back. Some time elapsed before the plight of the engineer became known.

It was eight months later when a relief expedition reached the spot where the Frenchman and the half-caste had parted. The surveyor had gone. Bits of his equipment lay scattered about. A tree bore a note, which had made the note illegible. A faint path, soon lost, led into the jungle. That was all. Even the Great Dane which had been with the surveyor had disappeared. Nothing has been heard of that Frenchman since.

The missing Col. Pawcett, a British explorer, went into the jungle in search of an ancient civilization. With him were his son Jack and Raleigh Russell of Los Angeles. Nothing has been heard from them since May, 1925. Commander Diyott, who once will get his expedition under way, is confident of rescuing them.

The commander, who some weeks ago issued an appeal for a volunteer to complete his party and who within ten days was overwhelmed with 15,000 answers, still is receiving applications.

"They have come from all over the world," he said. "England, Ireland, France, Germany, Holland, Belgium, Sweden, Norway, Denmark, Peru, Mexico—all are represented. Letters have come from Alaska, too."

Two of the impeachment counts against the executive.

Gov. Johnston referred to the fact that the State Supreme Court had ruled that the Legislature is powerless to meet in special session without the call of the Governor.

"Even if the Supreme Court was in error," he said, "every lawyer should say that America comes first and that the laws should be upheld. We cannot defy the courts of the land."

MONEY TAINTS

SHIPPING DEAL

(Continued from First Page)

by Robert H. Swayne, president of Swayne and Hoyt.

COMPANY DELIVERED

ELIMINATED AS BIDDERS

SAN FRANCISCO, Dec. 13. (Exclusive)—On the Pacific Coast the immediate reaction to the cancellation of the Swayne and Hoyt contract for the operation of nineteen Shipping Board vessels was the growing tide of curiosity among other shippers as to the effect the action will have on the forthcoming sale of the Shipping Board's additional freighters. Twenty-nine such vessels in Pacific waters remain to be sold and the sale is scheduled for January. In many quarters it is believed today's action of the Shipping Board at Washington definitely eliminates Swayne and Hoyt from further consideration as prospective purchasers of any of the remaining vessels.

That such intimation is under consideration by officials of the company was evident in a statement by Robert H. Swayne, president of the organization.

"We had expected to be bidders for the purchase of the vessels," he said, "and in spite of the fact that this action might be presumed to indicate that we will be eliminated from consideration, it is quite likely that we will carry out our idea of submitting bids."

It has been known for some time that other private operators have looked askance at Swayne and Hoyt as a prospective operator of more Shipping Board vessels. The nineteen now being sold by the Shipping Board constitute what is known as the American-Australian-Orient Line. Two other Pacific routes remain to be sold. While other interests have been inquiring upon an operating contract of not more than five years on the ground that conditions beyond that time are too insecure to risk a heavy investment in vessels declared to be growing obsolete, Swayne and Hoyt has been willing

AL CASE TURNS TO JUROR'S DEBT

Mortgage on Home Run Down, Witness States Side to Sinclair Named as Asking Information

all's Attorney Linked to Shadowing Plan

WASHINGTON, Dec. 13. (AP)—Speeding up its presentation of testimony the criminal contempt proceeding against Harry P. Sinclair, William J. Smith and his associates, the government today presented evidence of Harry Mason Day, one of those who testified that he had personally investigated a mortgage on the home of Mr. P. Kern, a juror in the Falloua oil conspiracy case.

LINK FALL'S LAWYER On top of this came other testimony furnished by the government to show that Mark Thompson, attorney for Bert E. Fall, who, as Secretary of a Interior, issued Teapot Dome to Kern, knew of the jury shadowing "Bureau" detectives. This testimony was given by an attorney in a Department of Justice, was admitted on promise by the government to connect it with the respondents in the proceedings.

While these angles of the case are being presented, the Senate is expected to pass a bill by Senator Walsh, Democrat, Montana, intended to change a statute of limitations in government fraud cases from six to three years. Under this alteration it is believed M. T. Everhart, son-in-law of Kern, who is alleged to have delivered \$200,000 in Liberty bonds to Fall, may testify without fear of prosecution. Everhart refused to testify at the Teapot Dome trial on the ground that his testimony might incriminate him.

TELLS OF MORTGAGE Robert C. Dove, of the Randall-Downer real-estate firm, appearing as a government witness, said he had learned for Day, at the latter's request, information showing that there was a \$5000 mortgage on the home of John P. Kern, an oil-trial juror. Preceding him, William Brown, a member of the firm, testified that he, who is a business associate of Sinclair, had asked him how he could obtain whether there was a mortgage on certain property. He told the witness said that his office had obtained the information for him and had it done.

Ruling on Baby Chicks Sought

WASHINGTON, Dec. 13. (AP)—Prompt classification of baby chicks being urged upon the Supreme court. The highest tribunal has been asked by an incubator company in California to hasten a decision declaring that poultry when shipped in interstate commerce is exclusively under Federal control, under laws relating to shipment of live and other live-stock. The case seeks to set aside regulations in Oregon, Washington and Idaho prohibiting bringing into those states of newly hatched chicks unless accompanied by a certificate of health from a State official showing that they are free from certain contagious poultry diseases.

VAN LOSES SUIT AIMED AT JULIAN

Agent of Coast Promoter Who Posed as Rich Young Investor Denied \$200,000

SAN FRANCISCO, Dec. 13. (Exclusive)—Jac P. Van, who posed as a "millionaire Hollander" while trying to buy the Monte Cristo mine in Arizona for C. G. Julian, promoter, will not collect \$200,000 for such services, according to a decision today by Superior Judge Van Nostrand. The decision was brief, but upheld the contention of Julian that the arrangement by which Van was to receive the money provided that through Van's negotiations with Mrs. W. Thayer, owner of the Arizona mining property, Julian was to obtain control of the Monte Cristo mine.

The case was tried last month and created considerable interest by reason of disclosures as to Julian's disregard of expense when he desires to accomplish some object. In this instance Julian testified that he not only agreed to give Van \$200,000 for control of the mine, but did advance something like \$10,000 for Van's expenses while posing in Arizona as a young man worth millions and seeking an investment.

Attorney Who Planned Own Rites Unfound

SAN FRANCISCO, Dec. 13. (AP)—No trace had been found by police today of Edward G. Montague, supposed New York attorney who planned his own funeral after Miss Marie Shaffer had refused to slope with him.

Declaring he had nothing to live for, Montague broke away from his friend, Walter Watson, on a water-front pier yesterday and disappeared. It is believed he jumped into the bay but police were investigating the possibility that he did not commit suicide. A man giving the same name was reported to have tried to make his own funeral arrangements in San Jose two months ago, and later to have endeavored to borrow money from the undertaker.

Donagel Will Resume Name

BELFAST, Dec. 13. (AP)—Donagel, famed for its ancient castles and the home of the Irish kings, is to come back to its own again and have its name, which came into being in the reign of Queen Elizabeth. The old name of Donagel is to be restored officially to Ireland's most northerly county as soon as the necessary details are arranged. When the Irish Free State was created, the name of Donagel was changed to Donegal, in a desire to change all names associated with a British connection. Gaelic scholars, however, contended that Donagel is as good Irish as Donegal and that Donegal is incorrect geographically, as it does not include Inishowen Peninsula.

SCIENCE SEEKS SAFEGUARD

(Copyright, 1927, by the New York Times) PARIS, Dec. 13. (Exclusive)—Ten nations, including the United States, met in Paris today to consider the question of whether scientific achievements are to receive the same legal consideration as works of art and music.

Forty experts, under the auspices of the League of Nations International Institute of Intellectual Co-operation, will discuss the subject for two days and prepare a series of recommendations which later will form the basis of international copyright legislation. The interest of America and Great Britain is largely academic for both have legislation guaranteeing the rights of authorship to all categories of descendants of inventors and artists. For continental countries, however, the issue is important. For example, Pasteur's relatives, as well as those of Monsieur Curie and Prof. Errant, at present can not obtain any share of the vast profits resulting from their genius.

Bay City Will Bid Democrats

SAN FRANCISCO, Dec. 13. (AP)—Forty prominent California Democrats met here today to take formal action in an effort to bring the 1928 Democratic national convention to San Francisco. They decided to send telegrams to all of the ninety-six members of the national committee urging them to select this city.

Charles W. Fay, former San Francisco postmaster, was named chairman of the "San Francisco Democratic Convention Committee." Selection of a convention city will be made in Washington January 13, by the national committee.

RUMANIA TO PAY DAMAGE DONE IN RIOT

Thirty-three Students Face Court-martial Trial Due to Demonstration

BUCHAREST (Rumania) Dec. 13. (AP)—Court-martial proceedings were opened today against thirty-three students arrested as an outgrowth of the rioting last week at Oradea, Maras, and a demonstration in Bucharest, on Saturday.

It was announced that a twenty-four-hour strike of students throughout Rumania had been called today in protest against the arrests among the students. The government intends to present to Parliament a bill asking credit of more than \$248,000 to pay damages caused by the student anti-communist riots. In authoritative circles, it is believed that the government will pay for the damages in full.

FUND PROVIDED FOR SERUM

SAN FRANCISCO, Dec. 13. (AP)—A gift of \$10,000 to the University of California for establishment of a bureau for collection and distribution of infantile paralysis serum was announced by President Campbell today, following a meeting of the university regents. Fifty San Franciscans joined in making the gift. The bureau will be under direction of Dr. Karl Meyer of the university's Hooper Foundation for Medical Research.

A total of \$17,000 in gifts was announced, together with some, the value of which has not been estimated. Mrs. W. H. Crocker of San Francisco gave \$2000 for research in pediatrics under Dr. W. P. Lucas of the medical school.

The California Fresh and Fig Growers of Fresno gave \$1000 to the division of plant pathology, college of agriculture, for work on the eradication of fig diseases. Reparations will be made to Keller for personal injuries and business losses.

ILL HEALTH CAUSES SUICIDE SACRAMENTO, Dec. 13. (AP)—Christian Walter, 62 years of age, Sacramento character for years, committed suicide this morning by hanging himself from the ceiling of a chicken house in the rear of his home. Despondency over ill health is blamed by relatives.

SILK TRAIN HELD UP BY 15 BANDITS

Robbers Routed in Gun Fight by Railroad Men \$100,000 in Goods Lost

LANCHORN (Pa.) Dec. 13. (AP)—Fifteen men held up a Reading road freight train here today and threw \$100,000 worth of raw silk from the cars, but were driven off when a gun fight with the train crew forced them to flee.

One of the robbers was shot by the conductor, but was carried off by his comrades. A number of the train crew narrowly escaped when a bullet whizzed past their hat.

A last-round flurry in which he moved with clean left and right hand punches to the head failed to earn Bert Colima an edge over Charley Long in the opinion of referee Harry Lee, and the latter awarded the decision to the black mid-weight at the end of ten rounds of fighting at the Olympic last night.

The bout was so close that it might just as well have been called the other way, which would have reversed the decision. Colima scored last night with the slower and sharper punches, but on the other hand Long held out the longer punishment.

"WILDCAT" STYLE The black boy with Clyde Hudkins in his corner apparently had but one thought in mind, and that was to work in close and whale away at the Mexican's side in a "wildcat" style.

In this he was fairly successful and when the bout had worn to a close Colima's left side was a pulsed mass of bruised flesh. Through the natural tan of his skin a pinkish tinge was visible just above the waist line. These body wallappings leave their

Fullerton, Santa Maria Meet at Wrigley Field

CARDS TO LOSE FIVE VETERANS

Stanford Stars End Careers
Against Panthers

Hyland, Hill, Murphy Gone
from Backfield

"Tricky" Dick in Duel With
All-American Half

BY DON LIEBOWITZ

Five regulars on "Pop" Warner's
Stanford grid machine will make
their last appearance in a Cardinal
uniform against the University of
Pittsburgh in the Pasadena Bowl
January 2. Capt. Hal McCreery, center;
Chris Freeman, tackle; Mike
Murphy, quarterback; and Dick
Hyland and Don Hill, halfbacks,
will all be playing for the Cards
for the last time.

The graduation of this
quintet will leave holes in the
Cardinal machine, which will not be
easy to fill. Although Warner has a
splendid replacement material, the
experience of these men will be
missed, at least in the early part of
the 1928 season.

(Continued on Page 2, Column 3)

Brown Fights M'Coy Here in Title Ring Go

Johnny McCoy and Newsboy
Brown were signed yesterday
by Matchmaker Hayden Wad-
hams of the Olympic Auditori-
um to fight for the so-called
world's flyweight championship,
January 3. The match will be
for ten rounds and at the
championship weight of 112
pounds.

McCoy won the California
tournament which was held at
Hollywood to establish a suc-
cessor to the title vacated by
Fidel La Barba.

Although he was the out-
standing challenger for La
Barba's title, Brown refused to
enter the Hollywood tourney,
and beat it for the East. He
is fighting Izzy Schwartz in
another so-called battle for the
flyweight title in New York
this week.

PREP GRIDDERS MIX FOR TITLE

Bargain Grid Bill Will be
Dished Up Saturday

Strong Lightweight Squads
Meet in Preliminary

Saints and Indians Figure to
Furnish Thrills

BY BOB KAY

The fighting Saints of Santa Maria
High and Coach "Shorty" Smith's
Fullerton Indians will meet for the
Southern California football
championship Saturday at
Wrigley Field. Such was the de-
cision made yesterday by Fullerton
officials who have been spend-
ing most of the week wondering
where the game would be staged,
since the Coliseum was not
available for the titular tangle.

As a special
added attraction,
the Santa Maria-Fullerton game will
be preceded by a clash between the
Long Beach and Fullerton light-
weights, who will be scrapping for
the class "B" championship of this
section of the state. That makes a
highly attractive bargain football bill
and the two title games figure to
draw in the neighborhood of 20,000
fans out to Wrigley Field.

Coach Walter R. Herrell has
wired down from Santa Maria
that his squad is in fine shape
and that he believes the Saints
will put up a better game
against Fullerton than they did
against Huntington Park. The
Saints had a narrow squeak in
their semifinal play-off game
against the flashy Huntington
Park Spartans, but finally
emerged victorious, 19 to 13, after
an extra period.

BOUNTING BETTY

By Peg Murray

HELEN WILLS PLANS TO TOUR EUROPE NEXT YEAR

SAN FRANCISCO, Dec. 13. (AP)—Hel-
en Wills, American and all-England
tennis champion, will tour Europe
next year as a member of a
two-woman team
officially repre-
senting the United
States Lawn
Tennis Associa-
tion. This be-
came known to-
day when Miss
Wills telegraphed
acceptance of the
invitation ex-
tended by the
national tennis
body.

Matches will
be played with
the leading women
racketeers of
France, England, Germany and Bel-
gium. The other member of the
team has not been selected, but it
is understood that Penelope Ander-
son of Richmond, Va., and Mrs.
Charlotte Hooper Chapin of Spring-
field, Mass., are being considered.
Both are high ranking players, na-
tionally. Miss Wills plans to leave
either in April or early in May.

The Berkeley miss has definitely
decided not to play in the
French championships, June 21,
as the date is too close to that
of the Wimbledon tournament
when she will defend her title,
and the Wightman Cup matches.
Selection of Miss Anderson or
Mrs. Chapin was decided upon
to give both the Atlantic and the
Pacific coasts representa-
tion.

Miss Wills is playing almost daily
tennis at the California Club here,
concentrating on her aerial game.
Her ground strokes are virtually
flawless, but too little occasion to
use the volley or overhead has
caused her to neglect that de-
partment. Her drives are so forceful,
she seldom has to take the net
against an opponent.

RABBIT PUNCHES

IT'S going to take a Father
Ricard to arrange future foot-
ball games between Washington
and Southern California. The
Huskies like us, but they don't
like our weather. And until they
can be assured of something
cooler than what they bumped
into Saturday a week ago they
don't want to schedule any home-
and-home games with the Tro-
jans. They don't mind playing
the Trojans in Seattle, but they
don't want to play 'em in our
infernal weather.

TROJAN SOPHOMORES WIN INTERCLASS HARRIER RACE

The sophomore class of the University of Southern California won
the annual interclass cross-country run held yesterday with the low
score of 28. Warren Woodruff of the second-year team, took the event
in the fast time of 10:58. The star freshman runner, Vic Fitzmaurice,
holder of the interscholastic two-mile record, came in fifty yards
behind Woodruff to take second honors. Meiser (sophomore) was
third; Hussey (junior), fourth, and Trowell of the senior class cap-
tured fifth place. The junior copped second place with fifty-four
points, the fresh finished third and the high and mighty seniors
fourth.

TIGERS OBTAIN THREE PLAYERS

Rice and Van Gilder Given
to Detroit Outfit

Three Major League Squads
Bidding for Sisler

Cards and Phillies Also in
Five-Player Deal

BY ALLAN J. GOULD

Associated Press Sports Editor
NEW YORK, Dec. 13. (AP)—Two of
the biggest baseball deals of the
winter were completed today in an
exchange of players between the
Detroit Tigers and the St. Louis
Browns, along with a
third player to be issued into
the bargain later by the Browns.

While
negotiations went into a "huddle" be-
hind closed
doors, brisk
negotiations in the hotel cor-
ridors developed these two out-
standing transactions:

(1.) Ex-
change of Lou
Rice, first baseman, and Harry
Manush, outfielder of the Detroit
Tigers, for Harry Rice, outfielder,
and Elmer Van Gilder, pitcher of
the St. Louis Browns, along with
a third player to be issued into
the bargain later by the Browns.

(2.) Another five-player transfer
by which the St. Louis Cardinals ob-
tained Shortstop Jimmy Cooney, Out-
fielder Johnny Moken and Catcher
Clarence Jonnard from the Phillies
in exchange for Catcher John
Schutte and Pitcher Jimmy Ring.

NO CASH IN DEALS
Both deals were declared to be
devoid of cash consideration.

Speculation focused on the identity
of the third player the Browns are
to send to Detroit, but it seemed
fairly certain, despite reports to the
contrary, that it would not be George
Sisler, famous first sacker.

Sisler still is one of the principal
prize packages on the market
and his departure from St.
Louis is regarded as a certainty
in view of the acquisition of
Rice, unless the latter is to be
involved in another trade.

OAK PENDLETON MAY BE WEST'S STAR CHRISTMAS

BY BRAVEN DYER
Although he'll be appearing in a
veritable constellation of brilliancy,
Oak Pendleton, Whittier's efficient
grid ace, may be
the West's big-
gest star when
the Pacific Coast
aggregation goes
against the All-
South team in
the Coliseum this
after Christmas.

Pendleton has
always looked to
good in South-
ern Conference
games that many
critics of the
gridiron have
wondered if
would do if giv-
ing some real interference and a gi-
gantic line in front of him.
Pendleton is probably the fastest

outstanding player in a grid suit
in Southern California, if not on the
entire Pacific Coast. Oak has been
timed in the past for his century
during track meets and knows how
to use this speed on the gridiron.

TWO OTHERS
Off-hand there come to mind but
two men to check Pendleton's
claim to speed. They are Dick Hy-
land of Stanford and Al Clays of
Occidental. Hyland was a fine sprinter
some years ago, but has not ap-
peared much of late in that role.
Clays has been timed in 9.8s. on
occasions, but is not the outstanding
grid star that Pendleton is.

Oak is strong and able to take
punishment, and, believe us, he's
used to take plenty in the role of
Whittier's chief ball carrier dur-
ing the past season. He starts
with a burst of speed and as a
result is generally good for five
yards every time he takes the
snap.

(Continued on Page 4, Column 5)

TUNNEY FLAYS POOR SPORTS IN CHICAGO BANQUET SPEECH

CHICAGO, Dec. 13. (AP)—Gene Tun-
ney rewarded 3000 Chicagoans gathered
at a record-breaking Christmas
fund banquet last night with a
fifteen-minute speech devoted
chiefly to a de-
fense of the in-
tegrity of the
ring officials
and the city and

Dempsey bout in
Soldier Field last
September.

More than
\$50,000 was
raised for the
Christmas fund

by the banquet, and nearly \$20,000
worth of seats were auctioned off
for a Christmas fund boxing show
next Monday night. Social, political
and business leaders thronged four
times the number of the previous
gathering later in the largest room
to listen to the speakers, of which
the champion was the last and long-
est.

Tunney first asked his hearers to
believe that he was delighted to re-
turn to Chicago to help their Christ-
mas fund, the champion, the past de-
clared, was merely casual. Then he
swung into his brief remarks on the
Soldier Field fight last September.

"Not in refutation, or response,"

NEW RECORDS SEEN FOR 151 HYDROS

Miss California Likely to Establish New Marks

World speed-boat records were scattered all over San Diego Bay Monday when the Angeles I, at top, owned by Harry A. Miller of Los Angeles, set a new mark of 47.12 miles per hour for limited hydroplanes. James Rand, Jr.'s Spitfire V, at bottom, set a new unlimited record of 55.43 miles per hour.

NATIONAL LOOP ECLIPSES ALL ATTENDANCE MARKS

NEW YORK, Dec. 13. (AP)—The National League not only did a record-breaking business in 1927, eclipsing all previous attendance figures, but smashed two other marks by using more baseballs and postponing more games than ever before.

President John Heydler advised the club owners, at the first session of their annual meeting that the year's attendance had exceeded 5,300,000. That eighty-six big games had been postponed and that 51,996 baseballs were tossed out by the umpires.

The attendance barometer of prosperity passed the 5,000,000 mark for the first time. Chicago, for the second straight year, led in home-game attendance, exceeding 1,000,000, but the New York Giants played before the greatest total attendance, nearly 2,000,000 for games at home and away. The Giants played to bigger crowds on enemy fields than they did at home, drawing well over

LONG WINS OVER COLIMA

(Continued from First Page)

print, and Colima's looked like a calling card from Long.

But as far as rounds went Colima had the edge with five to four, one round—the ninth—being even. Colima had the first, second, sixth, eighth and tenth. Long took the third, fourth, fifth and seventh.

In addition Colima scored the only close knockdown. This happened in the second round, when Colima smashed a beautiful left hook on the negro's chin. The black boy rocked back on his heels and before he entirely regained his balance Colima leaped in with left and right to the face.

IN AND OUT

He rocked Long again with lefts and rights in the sixth round, but Long stayed off further trouble by getting in close and pounding with rights to Bert's side.

The negro's best rounds were the fourth and seventh when Colima let him do all the fighting and contented himself with an unsuccessful effort to tie up his foe in the clinches. Long outweighed Colima by a couple of pounds, coming in at 157½ to Colima's 155½. A good-sized house saw the match.

The semi-wind-up was stopped in the second round with Jack Barrett still on his feet and protesting to Referee Steve Nyland that he was good competition for Steve Owens. Steve didn't think so. Neither did the huge, dark-skinned Darnell who was not knocked down at any stage of the proceedings, but he did a little, even in the shape of a prayer, that Steve decided it would be a good idea to stop the fray and save everybody from being beat to tears.

LOUGHRAN TO GIVE LOMSKI AND SLATTERY TITLE BOUTS

NEW YORK, Dec. 13. (AP)—The promise of Tommy Loughran that he would fight "twelve times in twelve months" when he came into undisputed possession of the world's heavyweight title seemed to be a partial fulfillment today.

The husky young Philadelphian, recognized for months as the challenger for the New York State Athletic Commission, whipped Jimmy

MORGAN MUST FIGHT FRIDAY

NEW YORK, Dec. 13. (AP)—The New York State Athletic Commission today refused a request of Tod Morgan, junior lightweight champion, that his bout with Joe Glick, Brooklyn lightweight-maker, be postponed owing to a cut lip received in training. After examination by commission doctors, the Seattle (Wash.) boy was ordered to go through with the 21-

YEAR ago A. T. Griffith, secretary of the Mississippi Valley Power Boat Association, predicted a record of over fifty miles per hour for 151-class hydroplanes. The record at that time had just been established by James Rand, Jr.'s Spitfire V. Spitfire's old mark was 47.08 miles per hour and stood until Monday afternoon when Harry A. Miller's Angeles I, driven by Ralph Snoddy, made 47.12 miles per hour.

From the remarkable performances turned in at the national races on San Diego Bay, it looks as though speed would be boosted to better than 60 miles per hour within a year. Dick Lyness's Miss California of Long Beach turned a two-and-one-half mile course in 55.68 miles per hour and but for a clogged gas line on the second lap would undoubtedly have established a new record.

In all probability Lyness will be hot on the trail of the Elgin trophy again next year. He won thirteen out of fifteen major contests during the past ten months, and Miss California has yet to do her best.

The famous Rudder Cup races will be held at Long Beach next August, at a time new records should be established. The world record for mile straightaway is in excess of sixty-two miles per hour held by Spitfire V with her new 123-cubic-inch Miller motor. Speed is lost in making the turns on the two-and-one-half mile triangle course, and both Spitfire V and Miss California did better than the record on the straightaway at San Diego.

WANTS TO ORATE

"Why?" exploded big Darnell when Nyland stepped between the boys and raised Owens's arm. He tried to make a speech, but his handlers finally dragged him to his corner and out of the ring.

Mike Waters gave Frank Fitcher a terrible head beating, but the old guy was still there at the finish. He looked sunk in the first round, but he had a cast-iron head and kept on absorbing wallops with almost utter impunity, lasting the entire four rounds.

Clyde Colvin scored a knockdown over Dick Peterson for the count of eight in the third round and won the decision in a good four-round bout. In the remaining four-rounder Billy Engman stopped Osa McKittick with a right cross to the chin in the first round.

REISERT LEADS WITH CUE

PHILADELPHIA, Dec. 13. (AP)—Otha Reisert, Philadelphia, began the defense of his world's three-cushion billiard title tonight against Allen Hall, St. Louis, by winning the first block of their 300-point match, 60 to 47, in sixty-nine innings.

ALPHA RHO CHI WINS HOOP TITLE

Alpha Rho Chi, architecture fraternity, won the professional Greek-letter basketball championship at U.S.C. last night defeating Delta Sigma Pi in the final game of the series, 26 to 14. The tournament was staged under the direction of Leo Colima, intramural coach.

Malone, Sheldon and Denny shared honors for the winning team, scoring eight points each during the titular contest. Miller was the shining light of the losing squad, accounting for half of his team's points. The score:

A.R.C. (26)	F.	D.S.P. (14)
Malone (8)	Miller (7)	Schlesinger (4)
Sheldon (8)	Keller (4)	Ward (4)
Denny (8)	Miller (4)	Ward (4)
Clark (2)	Ward (4)	Ward (4)

Schedule: Tomorrow for Alpha Rho Chi, Nielsen for Sigma Pi.

MAIN-STREET CLUB TO HAVE GOOD CARD

Two good six-round bouts have been lined up to precede the eight-round main event between Johnny Lamar, Mexican lightweight, and Billy Clark, of Long Beach, at the Main Street Athletic Club's regular Saturday-night mitt show.

Ray Still, a tough middleweight, clashes with Joe Bittio, in the six-round semi-wind-up, while the six-round special event will see Cyril Borden trading rocks and blocks with Willie Fitzgerald. Two four-round bouts are being carded to open the program.

CANADIAN GIRLS TO STAGE HOCKEY TILT

Two hockey teams made up of Canadian girls will clash on the Winter Garden ice tomorrow night at 7:45. The girls, former stars on various northern teams, play excellent hockey. They will battle in two fifteen-minute periods.

At the present time the girls plan to play at least once a month, but games will be staged more frequently when San Francisco and the Palais de Glace form squads.

BEARS RENT CANVAS TO COVER GRIDIRON

BERKELEY, Dec. 13. (AP)—Officials of the University of California announced today that a canvas covering had been rented for use before the football game with the University of Pennsylvania, December 31. It will be shipped from Detroit and stretched over Memorial Stadium field upon arrival. Originally it was planned to use Penn's old canvas, but it was determined that folding of the damp covering for shipment across the country would cause it to mildew.

PILOTS IN PRACTICE AT ASCOT

Fifteen Drivers Get Set
for Dirt-Track Speedfest
Sunday Afternoon

Fred Wagner, veteran starter, took charge of Ascot Speedway yesterday for the fifteen pilots who will start practice in earnest for the race program scheduled by Harlan Fenger next Sunday. Fenger, managing director of the new organization, has placed the track in lightning-fast condition and each day the drivers will be permitted to test out their cars. All track work will be done at night and by Sunday, it is predicted, Ascot will be several seconds faster than any other dirt track in the world.

Ralph DePalma, famous Italian driver, who has been entered in this program, is scheduled to arrive today. The popularity of the greatest driver of them all has been attested by the heavy list of reservations marked up at the downtown box office in the B. B. Ryan Company, where Jerry Wunderlich, himself a veteran of the racing game, is in charge of the sale.

Report notables from all over the West will be on hand when the speed demons take the track, and scores of motion-picture celebrities have already made their reservations. The Italian colony of Southern California will attend almost en masse to see DePalma drive and an added feature will be the presence of Peter DePaolo, nephew of DePalma, and 1923 and 1925 speedway champion, as referee of the meet.

Kilauea Wins Turf Feature

TIA JUANA RACE TRACK, Dec. 13. Jockey Howard Elston put one over on his brother-jockeys when he brought Kilauea, B. Broadfoot's Hawaiian-bred gelding, home first in the fifth race, a six-furlong event here this afternoon.

Elston slipped Kilauea through on the rail to win by a neck from Highball and Capt. Guard, which were battling it out in the center of the track, which was deep in mud. McClair, on Highball, did not know he had been beaten until after crossing the finishing line, being taken up with winning from Capt. Guard. Kilauea was very much of an outsider.

First race, five furlongs—Last Junior (G. Phillips) won, time 1:28.1; second, Perfect (C. K. Smith) won, time 1:28.1; third, Perfect (C. K. Smith) won, time 1:28.1; fourth, Perfect (C. K. Smith) won, time 1:28.1; fifth, Perfect (C. K. Smith) won, time 1:28.1; sixth, Perfect (C. K. Smith) won, time 1:28.1; seventh, Perfect (C. K. Smith) won, time 1:28.1; eighth, Perfect (C. K. Smith) won, time 1:28.1; ninth, Perfect (C. K. Smith) won, time 1:28.1; tenth, Perfect (C. K. Smith) won, time 1:28.1; eleventh, Perfect (C. K. Smith) won, time 1:28.1; twelfth, Perfect (C. K. Smith) won, time 1:28.1; thirteenth, Perfect (C. K. Smith) won, time 1:28.1; fourteenth, Perfect (C. K. Smith) won, time 1:28.1; fifteenth, Perfect (C. K. Smith) won, time 1:28.1; sixteenth, Perfect (C. K. Smith) won, time 1:28.1; seventeenth, Perfect (C. K. Smith) won, time 1:28.1; eighteenth, Perfect (C. K. Smith) won, time 1:28.1; nineteenth, Perfect (C. K. Smith) won, time 1:28.1; twentieth, Perfect (C. K. Smith) won, time 1:28.1; twenty-first, Perfect (C. K. Smith) won, time 1:28.1; twenty-second, Perfect (C. K. Smith) won, time 1:28.1; twenty-third, Perfect (C. K. Smith) won, time 1:28.1; twenty-fourth, Perfect (C. K. Smith) won, time 1:28.1; twenty-fifth, Perfect (C. K. Smith) won, time 1:28.1; twenty-sixth, Perfect (C. K. Smith) won, time 1:28.1; twenty-seventh, Perfect (C. K. Smith) won, time 1:28.1; twenty-eighth, Perfect (C. K. Smith) won, time 1:28.1; twenty-ninth, Perfect (C. K. Smith) won, time 1:28.1; thirtieth, Perfect (C. K. Smith) won, time 1:28.1; thirty-first, Perfect (C. K. Smith) won, time 1:28.1; thirty-second, Perfect (C. K. Smith) won, time 1:28.1; thirty-third, Perfect (C. K. Smith) won, time 1:28.1; thirty-fourth, Perfect (C. K. Smith) won, time 1:28.1; thirty-fifth, Perfect (C. K. Smith) won, time 1:28.1; thirty-sixth, Perfect (C. K. SACRAMENTO WOES AIRED

WASHINGTON, Dec. 13. (P)—The ...
House Flood Control Committee ...
day took under consideration a bill ...
designed to lessen the burden of ...
residents of the Sacramento Valley in ...
California in financing the present ...
method of keeping the flood waters of ...
that river in check.

After a two-day hearing the measure, which was framed by Representative Curry, Republican, California, was discussed behind closed doors with indication that an early report might be expected.

He said that one objection raised to the amendment adopted yesterday in favor of smaller corporations is that it would increase the total tax cut proposed by the committee.

Bill to Modify Dry Law Offered

WASHINGTON, Dec. 13. (P)—Senator Bruce, Democrat, Maryland, today introduced his bill for modification of the Eighteenth Amendment, offering a measure which would provide for local option.

The bill provides that, subject to prohibitory provisions in State constitutions and to existing local option laws, Congress would have the right to regulate but not prohibit or unreasonably restrain manufacture, sale, transportation, importation or exportation of intoxicating liquors.

REED WANTS ALL MEXICAN STORY

Wider Inquiry Scope Asked by Missourian

Seeks Investigation of All Hearst Charges

Pennsylvania Kin Objects; Request Referred

WASHINGTON, Dec. 13. (P)—An exhaustive Senate investigation of the authenticity of all purported documents of the Mexican government published in facsimile by the Hearst papers, rather than just the inquiry ordered into similarly published charges that the Calles administration authorized payments to four United States Senators, was asked today by Senator Reed, Democrat, Missouri.

The Missouriian proposed in a resolution that the special committee already appointed to pursue the limited investigation be directed to broaden the scope of its activities to include all the allegations of the Hearst dailies.

The move, however, met opposition from the chairman of the special committee, Senator Reed, Republican, Pennsylvania, at whose request the inquiry into the Senatorial phase of the situation was instituted. A comprehensive investigation, he said, would involve the relations of the United States and Mexico and its advisability should be determined by the Foreign Relations Committee. Upon his motion, the committee was adjourned.

While secrecy is still being maintained as to witnesses and procedure, Chairman Reed of the special committee confirmed that Dudley Field Malone, New York attorney, had been summoned to testify.

He said Malone's name had been furnished as one able to throw light on the situation, but he did not disclose what information would be sought from him.

SENATE PASSES FUND FOR GUNS

Elevation of Battleship Rifles Contemplated

Money in Deficiency Bill; Total \$210,000,000

Public Buildings in Many Cities Provided For

WASHINGTON, Dec. 13. (P)—After more than four hours' consideration, the Senate late today approved the first deficiency bill carrying a total of approximately \$210,000,000, including a fund for increasing the elevation of the big guns on the battleships Oklahoma and Nevada.

This provision of the bill, added in the House, was not in dispute before the Senate, and there was no discussion of it.

The deficiency bill carries funds for every department of the government, including those for a number of public buildings in various cities.

The Senate approved all of the House proposals for such structures and also approved two amendments by its Appropriations Committee, one carrying \$40,000 to begin work on a Federal building at Durango, Colo., and \$200,000 for beginning work on a Territorial building at Juneau, Alaska.

The bill now goes to conference for adjustment of differences between the House and Senate.

Evans Offers Building Bill for Glendale

WASHINGTON, Dec. 13. (Exclusive)—Representative Evans of Los Angeles today introduced into the House a bill for the erection of a new Federal Building in Glendale. It carries an initial appropriation of \$500,000. It was referred to the Committee on Public Buildings.

Ladies in distress

BRING us that most baffling question—"What to give men for Christmas?"

You should, you know! For Spalding's is the place most men come when they're buying presents for themselves!

- Spalding originated Matched Registered Golf Clubs and carried the idea to its greatest accuracy. There's no prouder gift for a golfer! A set of Kro-Flite Matched Registered Woods—driver and brassie, \$30. Kro-Flite Matched Registered Irons—a set of nine for \$75; a set of six \$50.
- A DOZEN SPALDING GOLF BALLS IN ETCHED BRASS BOX; COMPLETE. \$12.00
- CADDY BAGS. \$1.75 to \$4.00
- FANCY SWEATERS. \$7.50 and up
- NECKWEAR. \$1 to \$2.50
- GOLF HOSE. \$2.50 to \$7.50
- TWEED KNICKERS. \$7.50 and \$10
- LEATHER JACKETS. \$15, \$18, \$25
- CAPS. \$3.00 to \$5.00
- GOLF SHOES. \$10 to \$15
- ATHLETIC SWEATERS. \$10 and up
- BASEBALL GLOVES and MITTS \$1 to \$10
- TENNIS RACKETS. \$3 to \$15
- BASEBALLS. \$2.50 to \$3
- BASEBALL BATS. \$5.00 to \$25.00
- FOOTBALLS. \$3 to \$13.50
- BASKETBALLS. \$6 to \$18
- PUNCHING BAGS. \$3 to \$14
- BOXING GLOVES. \$5 to \$18
- for a set of four
- ARCHERY SETS. \$2.00
- SWIMMING SUITS. \$5 and \$6
- OTHERS AS LOW AS. \$3.50

and Spalding Gift Certificates that permit the lucky receivers to do their own choosing.

PERTUSSIS
the Clear the throat!
The most obstinate cough will often begin to improve with the first dose of PERTUSSIS. It helps Nature to clear the throat of the germ-laden mucus and soothes the irritated membrane. PERTUSSIS may be taken freely, as it contains no dangerous ingredients. It is absolutely harmless. Known to physicians for more than 20 years and sold by all druggists in large and small bottles, safe for every cough.

House Hunting Made Easy Through Times

Be ready for 1928
by acquiring

Gilfillan Radio

Get this set for Christmas—it is the modern, 1928 model, requiring NO batteries or extra "eliminators"

THE year 1928 will be the "greatest of all" for Radio programs. The enormous interest in radio developed by the Tunney-Dempsey fight, the World's Series, the Southern California-Notre Dame football game, and the National Broadcasting Company's great musical programs, to say nothing of countless splendid programs by individual stations, shows that the new year will be sensational indeed for radio owners.

For this new year, the GILFILLAN "SEVENTY" is the set of sets. It is a true, alternating-current set, requiring NO batteries, "A-eliminators", chargers, acids, fumes, or anything except an ordinary household lighting socket for operation. It is made under license of the Radio Corporation of America to use the latest, best developments in

"A-C" tubes, eliminating all batteries. At least half the "servicing" ordinarily required by a radio disappears with the use of these wonderful new tubes.

This outfit is housed in a handsome cabinet of figured walnut, 40 inches high, containing built-in Rola cone speaker of the latest type. Its tone is wholly enjoyable. Hidden "tomcats" have been rooted out of Gilfillan sets.

It costs but one-third of a cent per hour to operate a Gilfillan from your lighting circuit. Think of it: *one-third of a cent per hour* for grand opera, national sports events, Presidential addresses, big news announcements, dance music from the finest orchestras!

This model is \$350 list price, and is sold by most Gilfillan dealers on easy terms. Get it for Christmas, and be ready for everything 1928 has to offer!

Let one of these dealers demonstrate the "GILFILLAN 70" to you:

COURT DAY GOES AGAINST REMUS

Victim's Sister Testifies to Threats of Injury

Slayer Hurls Tirade Aimed at Prosecutor

Taft Target of Half-Million Suit by Angeleno

CINCINNATI, Dec. 13. (P)—A sister of the slain Imogene Holmes Remus, Mrs. Grace Campbell of Miami, Fla., today testified in the murder trial of her brother-in-law, George Remus, former "king of bootleggers," how she had spent nearly two months in a vain effort to bring them to an agreement.

She fought bravely to hold back her tears, but they came along with great sob when she told that Remus had threatened to divert her of every cent of her fortune and every shred of reputation.

Remus threatened that he would "crack a skull" unless he got back the certificates which represented so much liquor in warehouses, she said.

Once, Mrs. Campbell testified, upon one of her visits to Remus while he was a prisoner in the Federal penitentiary at Atlanta, she had asked him why "my sister cried and

ALIMONY CLUB ALL HET UP

NEW YORK, Dec. 13. (P)—Fourteen members of the Alimony Club in Ludlow-street Jail have asked Gov. Smith to see that they get more heat.

"Prisoners liable to pneumonia and taxpayers liable to heavy damage suits," said a telegram sent to the Governor by Robert G. Brook, chairman of the Alimony Payers' Protective Association. "Vindictive wives, ex-wives and their slyster lawyers have excellent grounds for legal action and the taxpayers will be paying the alimony. Our experience indicates that these people will stop at nothing to get money."

Jail officials denied the alimony delinquents are suffering. The club consists of men who prefer jail to paying alimony.

Angeleno exposition promoter, demanding \$250,000 each for statements made in a perjury indictment returned by the Hamilton county grand jury and asserted statements made by Taft in granting a newspaper interview.

"MISUNDERSTOOD MAN"

"He replied that she did not understand him," testified Mrs. Campbell.

Her testimony was given in a voice so low that probably not more than a dozen persons in the courtroom, including judge, jury and lawyers, heard all of it.

Her chair was moved from the witness box to a position alongside the jury box. Judge Brook then could not hear and he and the court reported had to move over to within arm's length. Mrs. Campbell is said to suffer from heart disease and the lawyers were very gentle with her. On her part, she tried valiantly to maintain control of herself and gave way only when quoting directly Remus's remarks to her sister.

Her appearance brought the high point of a court session which started furiously with a vitriolic speech by Remus in which he declared against Prosecutor Taft and Franklin L. Dodge, Jr., the former Federal Department of Justice agent to whom Remus attributed all his troubles, but died steadily in interest with the introduction of witnesses.

Prosecutor Taft today was made the defendant in a \$500,000 suit for damages. John S. Berger, reputed Los

AX BLOTS OUT WHOLE FAMILY

Oklahoma Kills Wife, Five Children and Self

Worry Over Crop Failure Blamed for Deed

School-Teacher Escapes from Shambles

HENNESSEY (Okla.) Dec. 13. (P)—Phillip Mills, a farmer, killed his wife and five small children with an ax today and then hanged himself from a rafter in his barn near here.

Neighbors said Mills, who was 40 years of age, was despondent because of financial losses and family trouble.

Mrs. Mills, who was about the same age as her husband, and a 6-month-old baby on her arm were killed as they slept. Twins, a boy and a girl about 8, and two smaller children, likewise were killed in their beds.

Mrs. Mamie Brumley, a school-teacher, was sleeping with one of the smaller children. She was awakened as the farmer entered the room with an ax in his hand and jumped up, screaming as he walked toward the bed.

A crop failure this year plunged Mills deeply into debt, neighbors said.

HONORS FOR DIRECTOR OF MT. WILSON

Gold Medal Awarded to Dr. Walter Sydney Adams for Astronomical Work

SAN FRANCISCO, Dec. 13. (P)—The Catherine Wolfe Bruce gold medal of the Astronomical Society of the Pacific, given annually for "distinguished service to astronomy" upon the nominations made by six of the world's greatest observatories, has been awarded for 1932 to Dr. Walter Sydney Adams, director of the Mt. Wilson Observatory. Formal presentation will be made early next year.

Since its foundation in 1897 the medal has been conferred in turn upon Simon Newcomb, Arthur Auwers, David Gill, Giovanni V. Schiaparelli, William Huggins, Herman Carl Vogel, Edward C. Pickering, George W. Hill, Jules Henry Poincaré, Jacobus C. Kapteyn, Oscar Backlund, W. W. Campbell, G. E. Hale, Edward Emerson Barnard, Ernest William Brown, Henri A. Deslandres, Frank W. Dyson, E. B. Baillaud, A. S. Eddington, Henry Norris Russell, R. G. Aitken, and Herbert Hall Turner.

Are You Worried?

Over family or business troubles. Nick Harris, Detective, Suite 272, Chamber of Commerce Bldg.—(Advertisement.)

AUTO ACCIDENT FATALITIES GAIN

Rate Per 100,000 Grows from 17 in 1925 to 17.9

Grade-Crossing Deaths Bring Ratio Up to 19.9

Federal Report Estimates Year's Total 23,264

WASHINGTON, Dec. 13. (Exclusive)—The Department of Commerce announces that in the registration area in continental United States there were 18,671 accidental deaths in 1932 charged to automobiles and other motor vehicles, excluding motorcycles, and that the death rate from this cause was 17.9 per 100,000 population against 17 in 1925, 18.7 in 1924, 14.9 in 1923, and 12.5 in 1922.

It should be noted, however, that the deaths assigned to automobile accidents do not include those due to collisions of automobiles with street cars and with railroad trains.

Therefore, as in 1926 there were 464 deaths due to collisions of automobiles with street cars and 1506 due to collisions with railroad trains, these deaths if added to the 18,671 assigned to automobile accidents, would make for the registration area a grand total of 30,891 deaths due to accidents in which automobiles were involved and would raise the rate from 17.9 to 19.9 per 100,000 population.

As in 1926 the registration area included only 89.9 per cent of the total population of the United States, by assuming that the number of deaths from automobile accidents reported in the registration area comprises 89.9 per cent of the number of deaths from automobile accidents in the entire United States, it may be estimated that the total number of deaths in that year due to accidents in which automobiles were involved was approximately 23,264.

In the thirty-six States for which data are available for the five-year period, 1923 to 1926, the number of these deaths increased from 11,167 in 1923 to 17,321 in 1926, and the corresponding rates were 12.6 and 18.2.

In the sixty-seven cities for which similar data are available, the number of deaths increased from 4,601 in 1923 to 6,606 in 1926, and the rate increased from 17.3 to 21.7.

ENDURANCE FLIGHT WILL START TODAY

DAYTONA BEACH (Fla.) Dec. 13. (P)—Edward F. Schille and William S. Brock today set about fueling and provisioning their monoplane before hopping off at dawn tomorrow for an attempt to set new standards for sustained flying. They seek to break the record of two German aviators who remained aloft for fifty-two hours and twenty-three minutes.

"Every Business Man Should Hear Good Music Daily..."

"The Marvelous Knabe-Ampico Gives Him The Inspiration of the World's Greatest Pianists." says Hugo Kirchhofer

"Deep in the heart of every man is the irresistible longing to hear and know good music. It takes his mind away from the cares of business and refreshes him body and soul.

"No other instrument invented by man has contributed as much to the business man as the Ampico. It gives him the daily inspiration of the world's greatest pianists, re-enacting their actual hand playing and personalities with uncanny realism.

"Thus the Knabe-Ampico not only brings relaxation and rest after the cares of the day. But it contributes also to his culture, for it puts him on intimate terms with good music, giving him in music what good books and paintings give him with literature and art."

HUGO KIRCHHOFFER.

STEPS

in the Right Direction

The most popular steps in the world—that's some distinction; and it's been achieved by these blue and white steps that form the entrances to Foreman & Clark Upstairs stores from coast-to-coast, achieved by the clothes-buying convenience and economy they have produced.

Every step up is a step-up in style, in real sincere value, a step-up in lasting satisfaction; and at the same time it's a step-down in pricing, a step-down in overhead expense, a step-down in middlemen's profits, until these have been entirely kicked out.

Trade Upstairs and Save \$10.

Follow the most enthusiastic Crowd of Repeat-Buyers

These steps have created an army of comeback customers, such as no other clothing stores in the world can boast of. These same money-saving stairways have taught hundreds of thousands the economies of F&C manufacture, of F&C merchandising, of F&C store-keeping and Selling.

Thru-and-thru Hand-Tailored Suits and Overcoats That Can't Be Duplicated in Down-Stairs Stores

who go stumbling along in their blind-folded over-level habits of price-juggling, of huddling arguments, of only self-anointed style leadership without real style-background, and of false would-be down-right fake argument of factory-to-you which exists nowhere except in the imaginative pencil-point of their advertising agents.

We Dare Our Imitators Attempt to Imitate Our Styles and Values,—and Savings to You

That's where the shoe pinches. They can't and won't. At the head of F&C stairways, these 3 standard, never-changing prices buy Suits and Overcoats, every inch of whose materials is tested by government-standards for color fastness, for all-wool content, for wearing quality, for genuineness.

No One in the Entire Clothing Industry Can Stand Up Against Us, as a Real Competitor

We tailor every part of all our own garments in our own Eastern factories,—5 giant plants working fifty-two weeks in the year with the most skilled and happiest lot of journeymen, money and perfect working-conditions can procure. We sell these garments only in our own stores.

SHIPPING

and Los Angeles Harbor NEWS

SHIPPING BOARD ACTS SUDDENLY

Cancellation on Far East Line
Contract Surprises

Nineteen Vessels in Swayne
& Hoyt Fleet Involved

Action Viewed as Forecasting
Intention to Sell

Sudden cancellation of Swayne & Hoyt's contract as operator of nineteen government trans-Pacific freighters, left shipping circles at Los Angeles speculating yesterday on who will fall to the line, or whether the vessels will be put up for sale at once.

That regardless of who gets the fleet, it will continue on its present schedule, serving Los Angeles and San Francisco shippers to Australia and the Orient, is regarded as a foregone conclusion.

Many believe, however, that the shipping board now will place the nineteen vessels of this fleet known as the American-Australia-Orient line, up for sale at once, under terms recently agreed upon at Washington. But they are disposed of, it is believed they may be operated directly in the same lanes by the shipping board itself, as now is being done in the case of four tankers plying out of here. These were taken from Struthers & Barry's operation two months ago.

The American-Australia-Orient fleet is regarded as of outstanding importance to Los Angeles shippers, and it was this fleet whose business was snatched by patient, pioneering Struthers & Barry over a period of six years, only to have it suddenly taken away and given to Swayne & Hoyt, on the plea of economy.

Regardless of the fact that Swayne & Hoyt now cease to operate the fleet, they will have a chance to bid on the vessels when they come up for public sale, and the craft may yet fly again the house flag of the deceased operator. Swayne & Hoyt own and operate six other vessels between Pacific ports and the Gulf of Mexico, and are Pacific Coast agents for Bethlehem Steel Corporation's new Calmar fleet of seven tankers, which have working agreements with Moore & McCormick, which have half a dozen other vessels.

LINER BELGENDAL
COMING ON GLOBE TOUR

The Red Star liner Belgendal sailed from New York with 200 aboard yesterday and is due at Los Angeles the 20th inst., on her fourth annual special cruise around the world. She is the first of a line of five Atlantic liners booked to stop at Los Angeles on their globe cruises this season, a complaint recorded no other Pacific port in such volume.

The liner, which will make stops at Havana and Panama, will tie up at our harbor berth all day, during which her passengers will be given sight-seeing tours ashore. From here she will go to San Francisco, 185 days, covering 35,000 miles, and touching sixty-five ports in twenty-one countries. These new ships have been added this year, Bangkok, Formosa and Athens.

It is a considerable crowd aboard the huge liner, representing ninety-eight American cities and eleven foreign countries, to which will be added fifty passengers at Los Angeles and several at San Francisco.

Christmas will be passed aboard ship bound up coast of Mexico, for which trees and decorations were taken aboard before the liner left New York.

The Belgendal is the largest commercial vessel ever on the western coast, and the ninth largest in the world, with a registered tonnage of 27,200 and a length of 607 feet. She will carry twice as many in her crew as in her passenger cabins this trip, forty along being employed in her laundry which turns out 6000 pieces daily.

Four other globe cruises to touch here this season are the three Cunarders, Franconia, Caladonia and Samaria out of New York January 7, 16 and 18 under the respective auspices of Thomas Cook & Son, Frank O. Clark and Raymond Whitecomb Company. The Hamburg American liner Beaulieu, also a familiar figure here, will sail eastward from New York January 7 and is due here late in May.

SHIPPING

and Los Angeles Harbor NEWS

SHIPPING BOARD ACTS SUDDENLY

Cancellation on Far East Line
Contract Surprises

Nineteen Vessels in Swayne
& Hoyt Fleet Involved

Action Viewed as Forecasting
Intention to Sell

Sudden cancellation of Swayne & Hoyt's contract as operator of nineteen government trans-Pacific freighters, left shipping circles at Los Angeles speculating yesterday on who will fall to the line, or whether the vessels will be put up for sale at once.

That regardless of who gets the fleet, it will continue on its present schedule, serving Los Angeles and San Francisco shippers to Australia and the Orient, is regarded as a foregone conclusion.

Many believe, however, that the shipping board now will place the nineteen vessels of this fleet known as the American-Australia-Orient line, up for sale at once, under terms recently agreed upon at Washington. But they are disposed of, it is believed they may be operated directly in the same lanes by the shipping board itself, as now is being done in the case of four tankers plying out of here. These were taken from Struthers & Barry's operation two months ago.

The American-Australia-Orient fleet is regarded as of outstanding importance to Los Angeles shippers, and it was this fleet whose business was snatched by patient, pioneering Struthers & Barry over a period of six years, only to have it suddenly taken away and given to Swayne & Hoyt, on the plea of economy.

Regardless of the fact that Swayne & Hoyt now cease to operate the fleet, they will have a chance to bid on the vessels when they come up for public sale, and the craft may yet fly again the house flag of the deceased operator. Swayne & Hoyt own and operate six other vessels between Pacific ports and the Gulf of Mexico, and are Pacific Coast agents for Bethlehem Steel Corporation's new Calmar fleet of seven tankers, which have working agreements with Moore & McCormick, which have half a dozen other vessels.

LINER BELGENDAL
COMING ON GLOBE TOUR

The Red Star liner Belgendal sailed from New York with 200 aboard yesterday and is due at Los Angeles the 20th inst., on her fourth annual special cruise around the world. She is the first of a line of five Atlantic liners booked to stop at Los Angeles on their globe cruises this season, a complaint recorded no other Pacific port in such volume.

The liner, which will make stops at Havana and Panama, will tie up at our harbor berth all day, during which her passengers will be given sight-seeing tours ashore. From here she will go to San Francisco, 185 days, covering 35,000 miles, and touching sixty-five ports in twenty-one countries. These new ships have been added this year, Bangkok, Formosa and Athens.

It is a considerable crowd aboard the huge liner, representing ninety-eight American cities and eleven foreign countries, to which will be added fifty passengers at Los Angeles and several at San Francisco.

Christmas will be passed aboard ship bound up coast of Mexico, for which trees and decorations were taken aboard before the liner left New York.

The Belgendal is the largest commercial vessel ever on the western coast, and the ninth largest in the world, with a registered tonnage of 27,200 and a length of 607 feet. She will carry twice as many in her crew as in her passenger cabins this trip, forty along being employed in her laundry which turns out 6000 pieces daily.

Four other globe cruises to touch here this season are the three Cunarders, Franconia, Caladonia and Samaria out of New York January 7, 16 and 18 under the respective auspices of Thomas Cook & Son, Frank O. Clark and Raymond Whitecomb Company. The Hamburg American liner Beaulieu, also a familiar figure here, will sail eastward from New York January 7 and is due here late in May.

TRANS-PACIFIC

UPPER BASIN GOVERNORS WILL MEET

Four Bills to be introduced Monday by four congressmen.

Washington, Dec. 13. (AP)—The four Upper Basin States—Colorado, Wyoming, Utah and New Mexico—will convene Monday on Boulder to discuss bills pending in Congress for the Upper Basin States.

Adams declined to discuss the bills to the purpose of the meeting, but it is generally understood that the bills are for the Upper Basin States.

The bills are for the Upper Basin States.

CHRISTMAS OFF; SANTA'S JAILED

Nebraska Saint in Cooler on Charge of Robbing Department Store

BLAIR (Neb.) Dec. 13. (AP)—Boone Austin of Blair, who has been impersonating Santa Claus in a local store, is in jail. He is charged with complicity in robbing a department store.

MOVE MADE TO AUGMENT PARK AREAS

State Commission Takes Step to Buy Bay County Strip and Other Lands

SACRAMENTO, Dec. 13. (AP)—Initial steps by the State Park Commission to build up an elaborate and picturesque system of parks was taken this afternoon when the commissioners, at their organization meeting, called on the Attorney General to file condemnation suits against lands necessary for a State park connecting the present cutting grounds on the southwestern slope of Mt. Tamalpais, Marin county. The present grounds are the Muir Woods National Monument and the Marin Municipal Water District.

The commissioners today picked W. E. Colby of Berkeley as chairman, and named W. R. Rider, for several years a deputy to the State Forester, as acting chief of the division of parks. Selection of a permanent chief was deferred until the meeting next month.

W. H. O'Melveny, Los Angeles member, was authorized to open negotiations with Frederick L. Olmstead of Redondo, nationally known park expert, for his services in the survey for sites desirable for parks. Fifteen thousand dollars was made available by the Legislature for the survey.

MORE MINES OPERATING

DENVER, Dec. 13. (AP)—Colorado's 1. W. W. conducted coal strike entered its ninth week today, with more mines operating and more men working than at any time since the start of the strike on October 18.

NOTAS TELEGRAFICAS

Bandera Confederada Devuelta por el Estado del Maine

COLUMBIA (Sudcarolina), Diciembre 13.—Cinco banderas confederadas capturadas a las tropas de Sudcarolina en 1863, han sido recibidas por el gobernador Richards, a quien se las envia el Estado del Maine, donde dichas banderas han figurado por espacio de sesenta y cuatro años como trofeos de guerra. Dichas banderas, formalmente devueltas a Sudcarolina por el gobernador Brewer, del Maine, en la conferencia de gobernadores celebrada el ultimo verano en Michigan, le fueron tomadas al Veintiun Batallon de Voluntarios de Sudcarolina, en Morris Island, por el Noveno de Voluntarios del Maine.

Se Procesan a unos Agentes "Secos" en Arizona

PHOENIX, Diciembre 13.—El procurador federal Adkins ha acusado hoy a unos agentes prohibicionistas de Arizona de haber hecho uso de falsas declaraciones juradas para poder obtener ordenes de registro en ciertos establecimientos.

Declara Adkins que unos investigadores, clandestinamente, indujeron a una joven camarera, mediante promesa de pago, a jurar que habia comprado licor en ciertos lugares sospechosos. Hicieron esto para ajustarse a la ley, que exige prueba de venta antes de expedir orden de registro. Dice que hay otras camaras complicadas en este asunto.

El procurador no quiso divulgar los nombres de los agentes a quienes

NOTAS LOCALES

¿Pueden Dos Policías Arrestar el Uno al Otro?

¿Qué ocurre si se encuentran dos guardias, y el uno aprehende al otro? Esta interrogación, que hasta aquí pudo haberse considerado meramente retórica, va a exigir ahora solución práctica, según lo revela una carta dirigida al "Supervisor" de la policía por el señor McReynolds, administrador de la prohibición federal, quien se queja de que un policía de tráfico del condado ha estado entorpeciendo los movimientos de sus agentes.

Hicieron el cargo a W. K. Ashton, guardia motociclista, de haber arrestado en una ocasión a un agente prohibicionista por ir a velocidad excesiva, siendo así que lo hacia para impedir un desembarco de licor. McReynolds cita casos en que los tribunales han sostenido que no puede arrestarse a un policía por violación de la ordenanza sobre velocidad, cuando se halla desempeñando misiones que exigen rapidez de traslado.

Como resultado de lo anterior, anuncia Reynolds que ha dado instrucciones a ellos.

Leida la comunicación, el "Supervisor" Besty se retiró a su despacho particular para meditar sobre los problemas que ella hace surgir. Berita Concurrirá a la Apertura de un Teatro

Irving Berlin, compositor de canciones, llegará el lunes a Los Angeles con Joseph Schenck, productor de cintas, para asistir a la inauguración del United Artists Theater, el 28 del actual, según anuncio hecho ayer. Van a ser huéspedes de honor en una comida que dará Leslie R. Saunders, director del Major Business Center Association, el martes próximo, en el Commercial Club, para celebrar la terminación del edificio del nuevo teatro, donde se alojará también la Compañía Petrolera de California. Presidirán el banquete Orra Monnette, y entre otros invitados figurarán Mary Pickford, el senador Flint, William May Garland, Fred Niblo y muchos otros significados personajes de cine.

Kaiser Building His Own Theater

DOORN (Holland) Dec. 13. (AP)—The former Kaiser is going into theatrical production. He intends to run his own private theater now being built within the grounds at Doorn House, his residence.

The idea originated with his wife, Princess Hermine, who long has been dissatisfied with the dullness of Dutch village life and the lack of entertainment there in the evening for invited guests who are becoming more numerous.

Performances by companies from the leading German theaters, especially Max Reinhardt's, are being arranged.

LOS ANGELES EXCHANGE

Bank of Italy, Bancitaly and Richfield Feature Advance; Sales Exceed \$2,280,000

Sales on the Los Angeles Stock Exchange yesterday aggregated \$2,280,000, the third largest total for a single day in the history of the local board. Trading was well distributed through the list and the par value of bond transactions amounted to \$882,000, the largest total in several months. The Giannini bank turned up yesterday with 21,451 shares crossing the board. The stock advanced a point to a new record high at 38 and closed 3-8 net higher at 27-7-8. California Petroleum and Standard Oil of California were also strong, each adding 1-2 points to 23-8-8 and 26-1-8, respectively. Union and Union Associates added 1-4 each to 43 and 41-3-4, respectively. Edison issues were strong. Edison common added 1-4 to 41-3-4 and the 8 per cent preferred moved up a fraction to 35-3-4. The 7 per cent preferred advanced 3-4 to 107-3-4. Los Angeles Investment reached 5 cents to 2-70. Electrical Products common lost a point to 91.

The mining list was unchanged, although seven of the issues were active. Bank of Italy, Bancitaly and Richfield were the heaviest traders.

**REVEALS HER SORROW
TO AID HAPPINESS**

Martha Ehring

**GIFT TELLS
TRAGEDY OF**

CHILD'S LIFE

*Brings Dainty Garments
That Made Her Sorrow So
Another Might be Happy*

Charity fraught with a child's sorrow was recorded simply at Al Malaiak Temple, the Shrine's charity headquarters, yesterday when little Martha Ehring, 19 years of age, timidly approached the desk of Mrs. Elizabeth Morrison, in charge of the work, and placed thereon a neatly tied

When Daddy read in the papers," said the storm, "that some poor people needed these because an angel was bringing them a baby for Christmas." Inside the package was a complete saintly layette, sent only a few days' ago to Martha's mother. "We were your little sister's!" Martha was asked.

"They were," the child answered, as tears welled up in her eyes, "but the angels came the other day and took her and another away to heaven, and—"

She hesitated to control her grief and then turned and walked away.

Down the steps and into the street she went on her way to her little home at 6564 Fifth avenue, saddened at Yuletide by the

ster, but a joyful expression
on her face as she realized
he had left behind a gift for
someone's happiness.

Trient's Women to Be Discussed

Progress made by women in the
past will be discussed by Miss Grace
Nixon of Honolulu, national sec-
retary of the Young Women's Chris-
tian Association, who recently com-
pleted a trip around the world, in a
before the round table of the

LIQUOR CASE 'FIXER' IN FIX

Quick Conviction on
Theft Charge

Accused of Taking \$50 to
"Square" Police

Priester Reports Deal When
Given Sentence

Though William Bartels of 323 North Avenue 59 took the stand in Municipal Judge Blake's court yesterday and emphatically denied that he possessed strange powers to "square" liquor arrests, he was convicted by a jury in less than twenty minutes on a petty-theft charge. Barry Buss, who served twenty-five years in the City Jail for asserted possession of 300 bottles of beer following his arrest by vice-squad officers on October 27, ordered Bartels \$50 to take the case with the raiding squad.

ASKS FOR \$50
James Parry, a waitress, introduced Bartels to the witness stand. "If I can trust me with \$50 until next week I will see what I can do with this liquor arrest," Buss said he was told by Bartels.
When he sought the manner in which the case could be dismissed after the hearing report, had been made at Central Police Station, Bartels told him that Sgt. Gibson would see to it the evidence disappeared before the date of trial. Buss refused upon questioning of Deputy City Prosecutor Barnes.
At the date of his trial, Buss was told to hurry because everything will come out all right," and not to see an attorney as the case would never get to court, he said.
Not appearing before Municipal Judge Sheldon, Buss found himself without the services of an attorney and was under the impression that he was under advantage of the defendant. Judge Sheldon appointed attorney Clarence Conlin to represent Buss on a minute's notice. A jury found Buss guilty as charged and he was sentenced to jail, being unable to raise the alternative of a bail fine, he stated.

WILL ATTORNEY STORY
While serving his sentence in the City Jail, Buss succeeded in getting out to attorney Conlin and Sgt. Gibson. The pair intended to his story and called Chief Trial Judge City Prosecutor Eberhard into the room. The complaint followed. Sgt. Gibson testified he never met Bartels until November 13, last, when he received him upon complaint of Buss. Bartels denied the attempt to see him, but said he took the money to help Buss's case in court. Judge Blake ordered the defendant held in lieu of bail pending sentence tomorrow at 2 p.m.
Attorney Charles L. Rosen was appointed to represent Bartels by the judge.

**SURVEY SUGGESTED
FOR EXTENSION WORK**

The Chamber of Commerce yesterday requested the City Council to authorize of having City Engineer survey the extension of the proposed Virginia Place, planned to run east and west between Eberhard and Twelfth streets from Maple street to Figueroa street, to Arlington street by way of Eleventh street, with the elimination of a number of jumps. This was referred to the City Engineer.

FALSELY ACCUSED SHE GETS DECREE

Mrs. Ila Jenkins

Poor Farm Puts Gifts on Sale

A sale of Christmas gifts, made by inmates of the County Poor Farm, which is their sole means of income, opened yesterday at 128 North Broadway and will continue through the holidays.

Among the gifts which are offered are hooked rugs, fern stands, dolls, wallets, leather work and baskets.

SCRIBBLERS' LEAGUE TO MEET SATURDAY

The Scribblers' League will meet Saturday at 8 p.m. in the clubroom, 811 West Seventh street. Fanny Bixby Smith, author of poetical works, and Laura Frances Kendall, soprano, will sing. Two short stories written by members will be read and criticized. The prize for the best poem of twenty-four lines entered in the poem contest closing November 30 will be presented.

PROTESTS ON STREETS TO BE HEARD TODAY

Protests will be heard by the City Council today against the following improvements: One Hundred Fifty-third street between Figueroa street and Vermont street; Channel street between Gaffey and Bandini streets; Arieta street between McDougal and Chamberlain streets; Country Club Drive between By street and National boulevard.

CIGARETTE ASHES LEAD TO DIVORCE

Husband Sees Them, Talks
About Other Men, and For
That Mate Wins Decree

The fact that a man finds cigarette ashes on the floor does not warrant him in accusing his wife of receiving calls from other men, Judge Bowen held yesterday when he granted Ila Jenkins a divorce from Albert L. Jenkins.

Mrs. Jenkins came to court with Attorney White and Sellers to complain of various cruelties of which she said Jenkins was guilty.

"Just because he saw cigarette ashes on the floor he accused me of having men to visit me," she declared. Judge Bowen considered this a cruelty enough, and awarded a decree.

Council Seeks Itemized List of Vote Funds

An itemized statement of expenditures by local corporations in the fight against the voters last June by municipal power adherents was requested in a resolution adopted by the City Council yesterday.

The propositions, termed the "grab propositions," were defeated by heavy majorities. The former Council then asked the State Railroad Commission to find out the amounts of money expended by private concerns in opposing the propositions. A letter recently was received stating that the Southern California Edison Company spent \$40,377, the Los Angeles Gas and Electric Corporation \$63,797, and the Southern California Gas Company spent \$134, all charged to surplus.

On resolution of Councilman Hall the Council asked the Railroad Commission to file an itemized accounting. Councilmen Davis, Foster, Ingram and Webster voted against the resolution.

Schools' Glee Clubs on Tour

Children belonging to 173 elementary-school glee clubs sang in ten high-school centers yesterday. They are to entertain inmates of Soldiers' Homes in Seattle and Hollenbeck and hospitals in San Pedro this afternoon. The clubs are each made up of from thirty to forty of the best voices found in each school.

VETERANS TO ELECT OFFICERS TONIGHT

Election of officers will be held tonight by Admiral Glass Camp, No. 36, United Spanish-American War Veterans, and its auxiliary at a joint meeting at Fairchild Hall, 1816 South Figueroa street. Department-Commander Dixon will outline plans for the organization. Preparations for the annual distribution of Christmas cheer to veterans at the Soldiers' Home and in hospitals also will be made. E. E. Greene, adjutant of the camp, is in charge of the funds.

RAIL LINE SEEKS PRODUCE TRADE

Elisha Lee of Pennsylvania
Company Speaks

Advertising Club Hears of
Its New Facilities

Eastern Envoys Sent Here to
Study Situation

"We are making a strong drive for the California produce trade," said Elisha Lee, vice-president of the Pennsylvania Railroad Company, discussing the activities of his company in an address given yesterday before the Advertising Club at the Biltmore.

"Some of our best men have been chosen to come out here and live with you as our representatives," said Mr. Lee. "Last July we opened our large produce terminal, comprising three large buildings and a team track yard with a capacity of 510 cars. There is a cold-storage warehouse under construction with a capacity of 2,000,000 cubic feet."

Describing various other facilities recently established by his company, Mr. Lee said: "You see we are in earnest in trying to furnish the best facilities for such produce as may be shipped from California and that we are in shape to care for it as the shippers of this State would have it cared for. The Pennsylvania Railroad was the pioneer in developing high-speed specialized service which the railroads have developed for speedy transportation of our country's products now makes a year-around supply of fresh fruits and vegetables possible in every city and hamlet in the United States."

WEST PRAISED
Discussing the Pennsylvania Railroad's plan of employee representation at all conferences pertaining to wages, working conditions, discipline and other matters that concern employees and management, Mr. Lee said that the plan is based on good faith on both sides, facts jointly established and fair play, and has proved satisfactory to all parties during the six years it has been in operation.
"We easterners look to this wonderful country of yours with eyes of longing and a conviction that you, out here, will fulfill all of our expectations," said Mr. Lee. "Your deeds already accomplished give promise of greater things to come, and in your present and future success you have our heartiest good wishes. I shall return to the East after an all-too-short stay in your beautiful city, with a higher appreciation of what you have and what you are doing in this marvelous Southland."

DISTRICT MAPS OFFERED
Assessment district maps for the lighting of Alta Vista Boulevard and Wiloughby avenue, Bronson avenue between Melrose avenue and Beverly Boulevard and Sierra Bonita avenue, between Wilshire Boulevard and Country Club Drive were submitted to the City Council yesterday by the Street Lighting Engineer and referred to the Traffic and Street Lighting Committee.

Berlin to Attend Theater Opening

Irving Berlin, song writer, will arrive in Los Angeles Monday with Joseph M. Schenck, film producer, to attend the opening of the new United Artists Theater on the 26th inst. It was announced yesterday. The party will be guests of honor at a testimonial dinner to be given by Leslie B. Saunders, director of the Major Business Center Association at the Commercial Club Tuesday evening to celebrate the completion of the new theater building, which also will be the home of the California Petroleum Company.

Orta Monnette will preside. Other guests include Mary Pickford, Senator Flint, William May Garland, Bill Grauman, Fred Niblo, E. Burdette Backus and Count de Bess, secretary of the Pan-American Council. Motion picture executives and prominent business men, as well as the entire membership of the association, are expected to attend.

FIVE FRATERNITIES TIE AT OCCIDENTAL

Five fraternities on the Occidental campus were tied in the race for the interfraternity track championship after the completion of two events in the movie program on Patterson Field yesterday afternoon.

The Chi Rho, Delta Beta Tau, Phi Gamma Delta, Sigma and Psi Chi are the organizations now tied for honors in the trackstake program of the season. The Kenowan Club also boasts several stars who promise to endanger the chances of these fraternities.

In the high jump, Frank Hershey, unattached, and George Hall, a Psi Chi, tied for first honors at a height of 5 ft. 8 in. The pole vault found Frank Winfield, George Hall, Harold Jensen, and Audell Dixon in first places tied at 10 ft.
Coach Joe Pipal, Oxy veteran mentor, has scheduled all weight events for competition this afternoon.

Bandits in Role of Officers Rob Victim in Home

Bandits who posed as officers searching for liquor held up Monte Churchill in his home, 1815 Beverly Boulevard, early yesterday and escaped with \$57 in cash, the victim reported.

Two men called the owner of the house to the door and introduced themselves as peace officers, saying that they had been directed to make a search for liquor on the premises. Churchill let them in and they produced guns immediately, ordering the man to lift his hands up high. One then stood guard over Churchill while the other searched for money, finding some in a wallet. Taking the bills out of their hiding place the bandits fled to their waiting automobile and disappeared, Churchill told detectives.

Builder Sued for \$100,000 by Irate Husband

Chris Thoren, reputed wealthy contractor and builder, yesterday was named defendant in a suit for \$100,000 damages filed in Superior Court by William C. Pierce, who accuses Thoren of stealing the affections of Daisy R. Pierce, wife of the plaintiff.

Pierce and his wife were married in 1913. The complaint recites they lived happily together until Thoren appeared about the first of this year. As a result of the alleged conduct of the defendant Pierce charges he has lost the affections of his wife. His suit was filed by Attorney S. S. Hahn.

ARCHMAN ELECTED CAPTAIN
WASHINGTON (Pa.) Dec. 13. (AP)—Carl O. Archman of Charleroi, Pa., will captain the Washington and Jefferson College football team next season. He was selected unanimously.

PEN POINTS

Usually a widower who takes a second wife finds she's the cap.

The snappers need never be out of a job now. There's always a jury to watch.

"We hate to disappoint Willie, but what the oil people are looking for isn't castor oil."

Mr. Coolidge can't blame his friends. Even Congress has failed at times to respect his "No."

Even the 100-year-center wouldn't eliminate from the chemistry book all knowledge tainted with foreign brains.

Life insurance: A method by which a poor man can provide a nice car for the survivors.

Grind: A college term of reproach applied to the too-student. Seldom necessary.

Funny world. A man who couldn't get backers to open a grocery store can find plenty to back a fool flying stunt.

Now let's have a child mulling contest, if there is anybody who still knows how.

Americanism: Building a third bathroom; leaving it unlocked until guests are expected.

On the high sea, boarders are pirates; on the matrimonial sea, they are rescues.

If the best Presidential campaign is to be a religious controversy, maybe the voters will decide once for all whether the whale swallowed Jonah.

Our private guess is that politicians never will do anything for the farm belt except to tighten it a couple of notches.

Ill fares the land where the old twins in the house are twin beds.

Suggested farm relief: Let the politicians who cultivate the farmers try cultivating the soil.

Somewhat, we can't believe people were 2,000,000 times more wicked when they had 2,000,000 fewer laws.

Some Americanism still runs rampant in the land where the old twins in the house are twin beds. Suggested farm relief: Let the politicians who cultivate the farmers try cultivating the soil.

Is he eager to reveal how much he knows? Well, the smaller a merchant's stock, the more of it he keeps in the window.

Correct this sentence: "God" said the mule driver.

Tammany has sold its wigwag in Fourteenth street and it is to have a new building in upper Gotham. Must be getting ready for a national campaign.

Al Capone, styled the "big king" of Chicago, says 50 per cent of the people of Chicago drink and gamble. King-George ought to help the Mayor get the English safely out of there.

Statisticians say women spend \$2,000,000,000 a year for cosmetics and only \$500,000,000 for clothes, but they don't look as immaculate as they're painted unless the depilatories are wrong.

Dr. Patterson of Columbia University says the African bush talks all the time, has an alphabet of twenty-four letters, more or less words. All that bird talk is a fully equipped vanity case.

RIPPLING RHYMES

A LOST FRIEND
My dearest friend was James J. Jones, who lived across the street, he greeted me in cheery tones, whenever we chanced to meet, and used to come across by night and talk three hours or four, on themes that filled me with delight, but now he comes no more. It used to be my heart rejoiced when he would seek my home, concerning Torrance, a ringing voice, concerning Torrance, and in a chair he would sit, and read the income tax while I discussed the same. Once and how to dodge that best as we were two hearts to know, we and kindred tastes by the ton, and read death stories by the ton, and Confessions True. Men called us Jonathan and now our love is so fond, there is no truer bond. I do not see this James J. Jones approach my cottage door, one night he borrowed seven dollars, and now he comes no more. Oh, when the night is dark with rain, and winds are sad and wild, and when for his step in rain, and when that he were here. And when in tempest howls without, I think of my den, and long to see that good old scout, and talk with him again, upon the garden paying stone, a thousand feet, may tread, but there's no sign of James J. Jones, he might as well be dead. So doubt he needs to come and talk and he's ashamed to come and talk with me of succotash and chili and chewing gum. "And then I will be to the end," in my dream I moan: "we nearly always lose a friend when once we make a home."

In Germany an airplane is being constructed to carry a crew of six and sixty passengers. It is over 100 feet long, with a wing span of nearly 180 feet.

MATTOON TRACES TAX FRAY

County Counsel Returns After Offering Telephone Levy Case to Supreme Court

County Counsel Mattoon returned to his office yesterday after presenting the United States Supreme Court in Washington the contentions of Los Angeles county in its efforts to impose a property tax on the 300,000 telephone instruments within its boundaries.

The tax on the instruments will amount to approximately \$30,000 a year and the suit was related vigorously by attorneys for the American Telephone and Telegraph Company and the Southern California Telephone Company.

Mr. Mattoon contended in the oral argument before the Supreme Court that the tax on the instruments was only imposed by the local telephone company and that the local company was, therefore, subject to local taxation and was not to be classified as property of California public utility which are taxed by the State.

Mr. Mattoon declared that the United States Supreme Court involves a question of federalism which never has been decided by a court of last resort. He said that the county counsel's office carried the case to the highest court in the land in the hope that no decision would be made with the policy that no county counsel's office shall be allowed to escape taxation unless a decision is put on the State Commission which will permit it to do so.

The court is expected to render a decision in the matter next month.

Mr. E. H. Cannon of Washington, D. C., has just been appointed a commissioner of the United States Court of Claims.

Life insurance: A method by which a poor man can provide a nice car for the survivors.

HEY, BOYS! NOTE THIS TRIO

And They'll Go 50-50 on Dates!

Equality Exponents
Miriam Thies (left) and Elizabeth Davis (right), Alice Graydon, who judged the debate, center.

SHOULD the woman pay? Why not, argue a large proportion of the girls on the campus of the University of California at Los Angeles. The question was brought up recently in a discussion of whether the girls should not go "Dutch treat" when asked by their boy friends to a show, dance or supper.

Two girl exponents of this theory were returned victors in a debate at the university yesterday in competition with two young men, who defended the ancient custom of the swain paying for the lady's entertainment as well as his own.

The students who convinced the judges that girls should be allowed to accept dates on the "fifty-fifty" basis are Miriam Thies and Elizabeth Davis, representing the Beta Gamma Beta society.

The debate was the culmination of a two week discussion regarding the division of the bill on dates. "Girls and Growls," the student opinion outlet in the Daily Bruin, has been publishing various aspects of the question.

Other participants in the debates yesterday were Harriet Wilson and Maybelle Rogers, also representing Beta; Ray Allen and Charles E. B. Rogers, representing Alpha; and Irving Schueller, Robert Benton and Leo Goldberg, of Forum. Judges were Alice Graydon, William Forbes, Kenneth Propley, Walter Bogart and Thelma Hoover.

TRUCK LINE MUST QUIT
SAN FRANCISCO, Dec. 13. (Exclusive)—As the result of an investigation into the methods of operation of an auto truck service between Los Angeles and Orange, the railroad commission has revoked the certificate of operation held by W. H. McGinn and H. J. Morgan. It was announced at the State office.

SOCIETY

BY JUANA NEAL LEVY

One of the loveliest of the season's affairs was the beautifully appointed luncheon with which Mrs. R. D. Shepherd entertained yesterday afternoon at the Roosevelt Hotel in Hollywood in honor of the women's committee of the Los Angeles Grand Opera Association, with Miss Mona Wood whose wedding with George W. Pearson of Kansas City is to be an event of the 28th inst., as special guest of honor. The table was exquisite in its Christmas decorations, the centerpiece an immense silver ball which, when opened, disclosed a waterfall of handkerchiefs, which were "showered" on the bride-elect.

Full silver candelsticks holding lighted tapers were placed at either side of the silver ball, and the place cards were exquisite sketches of dainty brides in full bridal attire, great clusters of royal poinsettias and holly berries being used in profusion.

The most interesting feature of the luncheon, however, came at the end when an immense telegram cake was brought in addressed to Miss Wood. The message read, "In the midst of your great happiness, please announce the engagement of Miss Hallie E. Bates to Carl Blissett, son of Mr. and Mrs. John M. Fitz of Lewiston, Idaho," and was signed Santa Claus. Miss Bates is the daughter of Mr. and Mrs. Willie A. Bates of Ocean Park and a sister of Mrs. George Leslie Smith of this city. No date has been set as yet for the wedding.

At the luncheon covers were arranged for thirty guests.

House Guests

Mr. and Mrs. Walter P. Furman (Gertrude Workman) have arrived in Los Angeles with their son David to pass the holiday season with Mrs. Furman's mother, Mrs. W. H. Workman of 2424 Gramercy Park. Many delightful affairs are being planned in their honor during their month's visit here.

Wedding Anniversary

Mr. and Mrs. George Henry (Alice Camell) are celebrating their twenty-fifth wedding anniversary at their home, 5140 Angeles Mesa drive, this evening from 8 to 11 o'clock.

The rooms of the residence will be decorated with palms, roses and sweet peas. In one corner an orchestra will play at intervals during the evening.

At the coffee urns Mrs. E. E. Rotha, Mrs. Richard Ryse, Mrs. George Woodward, and Mrs. William Harris will preside. Others assisting in receiving will be Misses Arthur Apple, D. De Arman, Charles Clark, Harry Jordan, Theodore Leopold, William Swan, E. Ray Schauer, Charles Stewart, Paul Bjorn, Glendon Woodward, William Dimick, Paul Blackburn, Earl W. Chester (Edwarda Rotha).

Albert Niblo (Gertrude Rotha) and Miss Alma Coleman.

Mr. and Mrs. Henry have been residents of Los Angeles for the past fifteen years, coming to Los Angeles from Philadelphia. Mrs. Henry is a member of the Cassel family which migrated to America from Germany in 1888 on the ship *Jeffre* and settled at Germantown, Pa. The original home of the family in the old country was Kriesheim and a number of well-known scientists and astronomers are products of the Cassel family.

Breakfast Party

Mrs. William Irving Hollingsworth of Lafayette Park Place will entertain with a breakfast Saturday morning in honor of Aline Barrett Greenwood, following the letter "Current Events" talk which this week will be given in the supper room of the Biltmore at 10:30 o'clock. A small group of intimate friends is to be included in this breakfast party.

Returned from Europe

After an absence of nine months in Europe Mrs. Leo J. Maguire of 3105 South Figueroa street and her daughter, Miss Elizabeth Maguire, have returned to Los Angeles. Much of their time was passed in motoring through Italy, France, Belgium, Germany, Austria and England, although they remained four months in Paris. Following their return to the United States they also spent one month in New York City.

At the Huntington

Mr. and Mrs. G. E. Marcy, who come to Pasadena every winter, arrived Thursday the 8th inst., and are at the Hotel Huntington. Among the other visitors for the season who have reached Los Angeles during the past week are Mr. and Mrs. Carl Kaffman of New York, Mr. and Mrs. Jesse A. Smith, Milwaukee, Mrs. William H. Clark of Mission Canyon, Santa Barbara, Mrs. Bertha Selig, Chicago, and Mrs. W. M. Atkinson and Mrs. A. M. McDuffie of Minneapolis.

Society Affairs

Los Angeles alumnae members of the Alpha Delta Pi society will be the guests Saturday afternoon of Miss Frances Baird, daughter of Mr. and Mrs. W. L. Baird, 184 Fletcher street, Glendale, who will entertain with a bridge tea at her home. Miss Baird following her graduation from Hollywood High School attended the University of California at Los Angeles, where she was a member of Alpha Chi chapter of Alpha Delta Pi.

Returned from Germany

Mr. and Mrs. Ralph Hamburg (Edith Smith), whose wedding was an event of November 25, recently returned from their honeymoon, which was passed motoring through the north, stops being made at Santa Barbara, Del Monte, San Francisco and Yosemite. They now are at home

GIRL'S ENGAGEMENT ANNOUNCED

Great Telegram Carries News to Group

Miss Hallie E. Bates.

ONE of the most beautifully appointed affairs of the week was the luncheon with which Mrs. R. D. Shepherd entertained yesterday afternoon at the Roosevelt Hotel in Hollywood complementing the members of the women's committee of the Los Angeles Grand Opera Association, of which she has been chairman for its several seasons. Miss

Mona Wood, whose wedding with George W. Pearson of Kansas City is to be an event of the 28th inst., was special guest of honor being the recipient of a handkerchief shower. The especially interesting feature of the luncheon was the formal announcement of the engagement of Miss Hallie E. Bates to Carl Blissett, son of Mr. and Mrs. John M. Fitz of Lewiston, Idaho, which was carried in an immense telegram sent to Miss Wood by Santa Claus, at the close of the luncheon.

CHEF WYMAN'S Suggestions for TOMORROW'S MENU

Every Tuesday and Friday at 1:30 o'clock Mrs. A. L. Wyman will conduct a free class and demonstration of good cooking in the lecture room of the Southern California Manufacturers' Exhibit, 130 South Broadway.

Breakfast
Grapefruit
Poached Eggs, Maryland
Scones
Milk
Coffee

Luncheon
Lamb Kidney Sauté
Baked Potato
Lettuce and Tomato Dressing
Holland Peach Cakes
Tea

Dinner
Cream of Celery
Young Onions
Roast Beef
Spinach with Eggs
Potatoes
Carrot Salad
Apricot Pudding
Coffee

POACHED EGGS, MARYLAND

Place two poached eggs on two squares of buttered toast, cover with cream sauce, lay a slice of fried bacon across each egg and garnish with a crisp corn fritter.

LAMB KIDNEY SAUTÉ

Skin, split and cover with salted water eight lamb kidneys, let stand twenty minutes, drain and wipe dry between towels. Place in a bowl, add one tablespoonful of olive oil and mix well. Heat two tablespoonfuls of butter in a frying pan, add the kidneys and one tablespoonful of finely chopped green onion; toss or shake the pan over the fire for four minutes; place on squares of buttered toast, sprinkle over a seasoning of salt and pepper. Add to the butter in the pan one tablespoonful of flour, one teaspoonful of onion, one French dressing. Serve on cold, lettuce-covered plates.

TOMATO DRESSING

Place in the top of a double boiler to friends at 817 South Hobart Boulevard.

Mrs. Hamburg is the daughter of Mrs. Aurora Smith of 700 Westmoreland avenue, and Mr. Hamburg is the son of Charles Hamburg of Whittier.

To Winter Here

Dean-Emmitt and Mrs. John F. Downey of the University of Minnesota at Minneapolis are in Los Angeles for the winter, and at present are the house guests of their cousin, Mr. and Mrs. Benjamin Macer of 300 North Plymouth Boulevard.

PARADE FASHION

HERE IN PARIS

USES FOR PRINTED CREPPES

PARIS. (P)—Paris dressmakers are using printed crepe de chine for dainty collar and cuff sets on dresses of black and navy blue.

Sometimes there is a small dotted pattern, frequently of gold or silver in silk, used in this manner.

Another new use for printed crepe is the printed blouse worn with bolero and skirt of plain color and skirts and dresses which are slashed to show printed slips underneath.

The jacket is not noticeable, as such, it seems to be part of the dress. If there is trimming on the dress, it is repeated on the jacket. But usually there is no trimming on either one except a jeweled pin at the shoulder.

THREE-PURPOSE DRESS

PARIS. (P)—Paris has evolved a frock which may be appropriately worn, to dinner, to the theater or to the dance. It is an evening dress of crepe with a long-sleeved bolero jacket of the same material.

The discovery of insulin has changed the treatment of diabetes so far as most physicians are concerned, but the disappointing results of such treatments are now apparent.

LEATHER TRIMMING

PARIS. (P)—Ratny days in Paris are a virtue all their own, for they are giving out many new leather specimens. Leather coats are not showing for the Parisian and the Parisian is not showing for the Parisian.

South is the dealer. What is the proper bid and play?

Each day we shall publish a complete hand presented by Mr. Whitehead, together with a chart upon which the bidding and play may be noted. These hands may be played with cards by two, three or four players, before filling in the chart.

Tomorrow we shall publish Mr. Whitehead's explanation of today's hand, with the important features emphasized.

Fill out your own chart and compare it tomorrow with Mr. Whitehead's explanation, and you will find that your knowledge of the game will progress rapidly.

Record the bids that each player should make, assuming that he does not see any of the other hands. These hands must not be bid or played.

Yesterday's Hand as played by Mr. Whitehead

Salient Points of the Bidding

This hand serves as an excellent example of justifiable overbidding to save what appears to be certain game for opponents. From North's failure to assist hearts on the first round of bidding, South knew that the combined hands of himself and partner could not contain sufficient high-card strength to stop the opponents from making game—four odd in spades. And from North's second round bid, South knew that the low that might be sustained in going to five hearts, would be a justifiable one, particularly in view of the fact of his own high honor count. It is not every hand that can be so cleverly read from the bidding as showing practically certain game for the opponents and at the same time a fairly good loss to save game with a justifiable limitation. A loss of 200 points to save game, less ninety in honors, unless the opponents are already a game ahead, is usually a profit rather than a sacrifice.

Salient Points of the Play

Trick 1. East's play of his lowest spade warned West to shift if possible to another suit.

Trick 2. The fact that West's King of Diamonds held the trick, together with East's play of the 4, readable to West as higher than his lowest card of suit, induced West to continue the Diamonds.

Trick 3. East overtook West's Queen of Diamonds to guard against the possibility that West held the King and Queen only.

Mr. Whitehead will answer questions concerning your Bridge problems. Write to him care of this paper, enclosing self-addressed stamped envelope.

HEALTH AND DIET ADVICE

by Dr. Frank Mc Coy
author of "The Four Hour Diet"

TRUE DIABETES MELLITUS

In yesterday's article I gave a short explanation of the difference between Diabetes Mellitus and Diabetes Insipidus. I explained that many of the symptoms are the same.

The presence of sugar in the blood or urine is the distinguishing characteristic of Diabetes Mellitus over other disorders, where there is an excessive thirst, and elimination of large quantities of urine.

This true diabetes is a disease of metabolism, and comes on because the body cannot normally utilize the carbohydrates. The result is that there is an increase in the blood sugar, and sugar is also eliminated in the urine.

The excessive thirst is created because of the large amount of urine thrown out, and even though the patient drinks quart after quart of water, he often urinates away more water than he can consume during the day.

As soon as the disease is well advanced the patient loses weight rapidly. This is mostly due to the fact that so much liquid is thrown out through the kidneys.

Arteriosclerosis was the first one to use the term "diabetes" and said it appeared to be "a melting down of the flesh and limbs into urine." He suggested that the name of the disease came from the Greek word which signifies syphon.

The first cause of diabetes which must be considered is the use of an excessive amount of carbohydrates, both in the form of starch and sugar. It is thought by many that obesity is a primary cause of diabetes, as it is usually found only with those overweight, while the true facts are, those who are overweight are excessive users of carbohydrates, which burden the body with weight, and overwork the pancreas which must supply the pancreatic fluid for their digestion.

When excessive amounts of sugar are found in the blood or urine, it is a sure sign that the pancreas is unable to take care of the large amount of carbohydrates which the patient is using. Of course, it is simplest thing to do is to cut out the carbohydrates entirely if necessary, and give the pancreas a chance to regain its normal functioning power.

The discovery of insulin has changed the treatment of diabetes so far as most physicians are concerned, but the disappointing results of such treatments are now apparent.

QUESTIONS AND ANSWERS

Question: B. C. writes: "At one time my pulse will register 60, at another time 80, for no apparent reason. Has this change in pulse any significance for a well man of 60?"

Answer: Your pulse will be much lower when you are resting, and much faster after exercising. This is perfectly normal, but such a variation as you note should not occur while you are quiet. If so, it is because of a varying amount of gas pressure against your heart. This is due to improper food, eating too hastily, overeating, and gassy food combinations.

Q: Reader asks: "Does buttermilk tend to produce acidosis on account of the lactic acid it contains?"

A: A buttermilk diet, or the use of buttermilk in place of a meal has a tendency to cure acidosis rather than to cause it. The lactic acid of the buttermilk has a beneficial effect upon the intestinal flora, or vegetable growths in the intestines.

Q: L. D. F. asks: "Will you kindly give me some information about yellow jaundice, its cause and cure, and how long it lasts if taken care of immediately?"

A: Jaundice may be caused by a serious disease of the liver, such as cancer or cirrhosis, but when it first appears it usually is caused by catarrhal inflammation of the bile ducts or by the bile being stopped through the obstruction caused by gall stones. The treatment which I would suggest would, of course, depend upon the cause found through an examination; but on general principles, a fruit fast would be effective in stimulating the flow of bile and removing the jaundice, at least, temporarily.

YOUR BABY and MOTHER

By Myrtle Meyer Eldred

Mrs. Eldred will be glad to answer all questions relating to babies and children. A stamped and addressed envelope, forwarded to this office, will insure a personal reply.

SOME SUGGESTIONS ABOUT COD LIVER OIL

Cod liver oil has become such a familiar article on all bathroom shelves that one supposed all mothers are equally familiar with its properties, and the reason it was given to children. Apparently not, as one mother wrote me, in what sounded like an indignant tone on paper, "I have never given my child cod liver oil and I do not intend to. I do not believe in drugs."

Because doctors advocate it and because it is bought at the drug store, I feel sure, the reason for this erroneous idea about cod liver oil, because it is no more a drug than butter. It is a food, an oil derived from the livers of cod, and it is given as food.

It contains vitamin A, the same vitamin that is found in butter, cream, milk of all types, and in addition it contains what has been named vitamin D, a property whose action is like that of sunlight. Sunlight helps the body to make the best use of its foods. We may give a child a good diet but without enough sunlight, the properties in the diet are not all doing their "jobs." Add sunlight to the diet and the same ones will be found efficient. Cod liver oil does the same thing. NANCY PAGE

Joan's Christmas Cookies
Look Like a Feast of Goodies

By Florence La Gamba

Back in Nancy's childhood days
was one vivid recollection of
Christmas. Her mother, who sel-
dom went into the kitchen except
to give orders to cook, used to
spend an entire morning with
Nancy making Christmas cookies.

Benefit Party
Announcement has been made of a
housewarming and birthday party for
Mary Elizabeth Sullivan, to be given
Thursday, the 14th inst., from 8 to
11 o'clock at 1229 Glendale Boul-
levard. The home is being dedi-
cated to the assistance of girls recently re-
leased from jail, and donations of
food, furniture or money have been
requested.

Garfield Study Club
Program day, in the nature of a
Christmas party, will be observed at
the regular meeting tomorrow of the
Garfield Study Club. The commit-
tee in charge has given no hint of
its plans, but members have been re-
minded to bring offerings for the
"good cheer" basket, to be given
near Christmas to families that have
not been provided for.

Star Cookies!
Some were in the shape of ani-
mals, some were stars or big
round ones with a hole in the
middle. There was a cookie boy
as well. Nancy used this recipe:
Three-fourths cupful shortening,
one cupful sugar, two cupfuls
flour, three eggs, one-half tea-
spoonful salt, three teaspoonfuls
baking powder, one-eighth nut-
meg. She creamed the shorten-
ing and sugar, added well-beaten
eggs, then the sifted dry ingredi-
ents. She let them stand in a
cold place for a number of hours.
Then they were rolled thin, sprin-
kled with sugar and cut in fancy
shapes. The oven was hot when
they were put in to bake.

For other cookie recipes write to
Nancy Page, care of this paper.
Enclose a stamped, self-addressed
envelope. Ask for her leaflet
called "Ten Time Goodies."

Helps Two Ways
It is a good idea to rub the wash
boiler with soap after it has been
emptied and is still warm. This will
prevent rust and will make splendid
suds when filled again.

Daily Fashion Hint

Prepared Especially For This Newspaper

By Florence La Gamba

WITH BASQUE BODICE
The basque bodice takes on a new
aspect in this fancy frock of change-
able taffeta. Band on the skirt is in
plain taffeta of a slightly darker shade
than upper section, which is gathered
to the waist. If preferred, the short-
sleeved sleeves may be cut off and the
dress made sleeveless. This is an un-
usually youthful model. Medium size
requires 1 1/4 yard 36-inch light and 2 1/4
yards 36-inch darker taffeta, with 3/4
yard all-over lace.

Like Seeks Like!

that's why TROY Laundry serves the Better Homes

Try sending your washing to a laundry whose ideals of service place quality above mere volume. Try Troy Laundry, called by thousands of discriminating women "the best."

For nearly 40 years, in Los Angeles homes where only quality crosses the threshold, Troy Laundry has been serving.

Women who demand the best have found that even their finest silks and daintiest fabrics may be safely entrusted to this great, painstaking organization.

Clothes last longer, come back cleaner and more sanitary, and what is more important, milady is relieved of mental anxiety, when laundry is sent to Troy.

More than 10,000 women in and around Los Angeles let Troy do the family washing. Many have been customers for more than 20 years. Scientific methods plus humanized service provide results which you may have despaired of getting.

Send your bundle this week to Troy. Don't go on believing that "a laundry is a laundry." There is a best in everything. Send your washing to Troy.

RAID SUSPECTS' TRIAL STARTED JUDGES DODGE DAM DECISION

Four 'Warehouse Conspiracy' Defendants Plead

Two Superior Court Jurists Disqualify Themselves

Fifth, Missing, Reported to be in Hospital

Ramifications of San Gabriel Cases Bar Justices

Col. Frith First Witness on Government's List

Causes Now Go Back to be Reassigned January 5

Following opening statements by prosecution and defense counsel, the trial of four out of twelve men accused of conspiracy to rob the local government warehouse of 8064 cases of liquor on December 16, 1935, and thus deprive the government of evidence, was started yesterday in the court of United States District Judge Henning.

As U. S. Atty. Simpson contended himself with presenting facts relating to the alleged conspiracy, beginning with incidents that led up to the actual looting of the warehouse. On the other hand, Otto Christensen of defense counsel, in his opening statement, charged that the arrests which followed the liquor raid were the outcome of friction between those sponsoring civilian and those military control of the dry enforcement forces of the government under Maj. Gen. Andrews.

The case was to have gone to trial in the morning but was continued until afternoon because of the failure of M. A. Morrison, one of the defendants who had elected to stand trial, to appear in court. In the morning the case was called by the court but Morrison failed to appear.

The defendants who went to trial are Maj. Donald McLean, a lieutenant colonel in the Army during the World War; Lieut. Col. Bruce Butler, also a World War veteran; Maj. Harry Brown, formerly of the Aviation Corps, and Joseph Walsh. The court declared a mistrial as to Morrison and his case will be taken up later.

FRITH ON STAND
Col. E. Frith, dry administrator in Southern California during the time of the looting of the warehouse, was the first witness called by the government. He told of the employment by him of Maj. McLean, stating that he had served in the Army under McLean's father, who was a major-general.

Other witnesses heard were Marie Turner, manager of the Los Angeles warehouse, and W. W. Anderson, formerly chief of dry agents.

Other defendants pleaded guilty to the charge and will be sentenced after the present trial. Testimony in the case will be resumed today.

CHAMBER TO BE HOST TO FIRESTONE

Breaking of Ground for Firestone Plant to be Conducted Tomorrow

A luncheon, at which the board of directors of the Los Angeles Chamber of Commerce will be host to the Firestone officials headed by Russell Firestone, will be held tomorrow noon prior to the ground-breaking ceremony which will mark the initial step in the construction of the new \$7,000,000 Firestone plant in this city.

The ground-breaking exercise will be held at Alameda street and Firestone, the site of the tire factory, and will be open to the public. When completed the plant will employ 2000 persons and will have a daily output of 8000 tires and tubes, according to Firestone officials.

Guards Search Prisoners for Hidden Pepper
When a special armored car, containing nineteen Federal prisoners and number of deputy United States marshals, left Los Angeles last night for McNeil's Island prison, a thorough search of each prisoner was made by the deputies under orders of Deputy Leasner in charge.

Information had been given the authorities that some of the prisoners had concealed weapons and red pepper about them with the idea of escaping. The prisoners are to be sentenced ranging from one year and a day to eight years.

Ex-Ball Player in Federal Net

Accused of attempting to bribe Federal officers in connection with an investigation regarding the alleged smuggling of Chinese across the border from Mexico, Norman C. Brashear, known also as "Kitty," a former Pacific Coast League ball player, was arrested yesterday by immigration inspectors. He and three Chinese are accused of having offered immigration inspectors \$500 not to arrest an alien Chinese, who was caught in a store in Chinatown.

The arrest was made by Inspectors Bliss, Day and Del Guercio, who asserted they had been offered and had accepted the money. Brashear was arraigned before United States Commissioner Head and placed in jail pending posting of \$2000 bail. Hearing was set for the 21st inst.

Wolfe Enters Plea of Guilt

Accused of misappropriating funds of the First National Bank of Brea, M. J. Wolfe, former vice-president and cashier of the institution, pleaded guilty yesterday in the court of United States District Judge Henning. Sentence, it was stated, will be pronounced in four weeks. The arrest of Wolfe followed an examination by Federal bank examiners in September, last.

SERVICE TO BE DISCUSSED
"Newer Standards of Service" will be discussed by Dr. W. D. Moriarty, professor of economics at the University of Southern California, at the monthly meeting of the Los Angeles Auto Trades Association this evening at the Commercial Club.

Officer Ousted on Bribe Charge Gets Job Back

After reviewing the transcript of the evidence taken by the police trial board, the Police Commission yesterday ordered Officer Kynette reinstated without a loss of pay. Kynette was dismissed several weeks ago by the trial board on charges of accepting a bribe.

According to Commissioner Sweetser, who made the motion for Kynette's reinstatement, the principal witnesses against the officer at the hearing before the trial board were two persons with police records. Commissioner Sweetser declared by other evidence was flimsy, and did not indicate that Kynette was guilty of the charge. For these reasons, and because Police Chief Davis praised Kynette as an efficient officer, Commissioner Sweetser declared he is satisfied that the accused should be restored to duty.

Women to Hear Porcelain Talk

An address on "The History of Porcelain" will be given by Harry B. Rutledge at the meeting of the Woman's Society of the First Methodist Church Thursday at 2 p.m. The lecture will be illustrated by a collection of rare china from the Farmhouse-Dohrmann stores.

Meat Men Plan Vocation Work

Plans for a campaign for the requirement of a vocational education course for employees in the meat retail business will be discussed by members of the Meat Retail Dealers' Association at a meeting tomorrow night in the Chamber of Commerce.

The discussion, which will be led by E. W. Barnhart of the Federal Board for Vocational Education at Washington, D. C., will be called at 8 p.m. Local vocational work is being sponsored by W. S. Kleinholz, director of vocational education, who will participate in the discussion.

Downtown Headquarters of Santa Claus Draw Thousand of Kiddies

Santa Claus and His Reindeer Team Were Hosts to Thousands of Los Angeles Girls and Boys Yesterday, the Second Day on Which His Headquarters Downtown Have Been Open to the Public, and when it was over both Santa and his faithful steeds were pretty well tired out. Most of the youngsters took advantage of the opportunity offered by Santa's big personal mail box to drop their letters for immediate consideration. A group of children shown in the photo at left above feeding alfalfa to Francer and Dancer. At right the Ice Palace, Eskimo igloo, reindeer barn and mail box may be seen. (Times photos.)

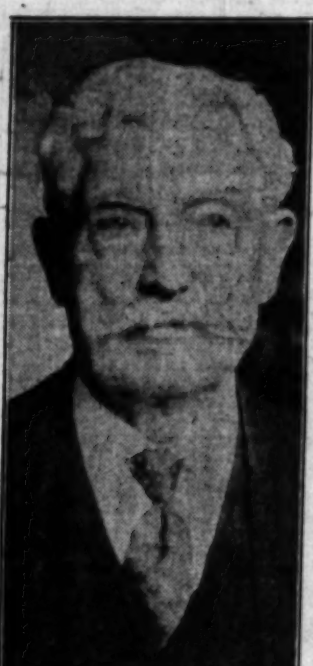

These Are Busy Days in toy shops all over the nation. In this photo a doll artist in eastern factory is putting the finishing touches on doll head. (P. & A. photo.)

Concern of Friends for safety of George L. Eastman and party of Hollywood hunters, believed trapped by Big Bear snows, was lifted yesterday with return of nimrods.

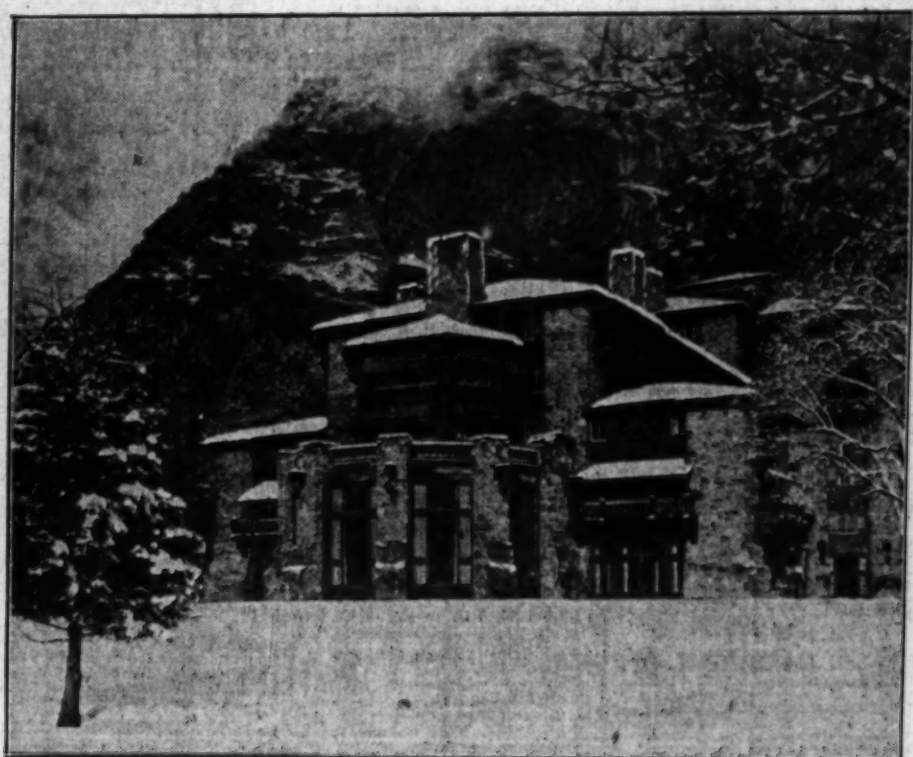

Like Clara Phillips, Mrs. Velma West of Perry, O., used a hammer in slaying authorities assert. She's charged with murder of sleeping husband. (P. & A. photo.)

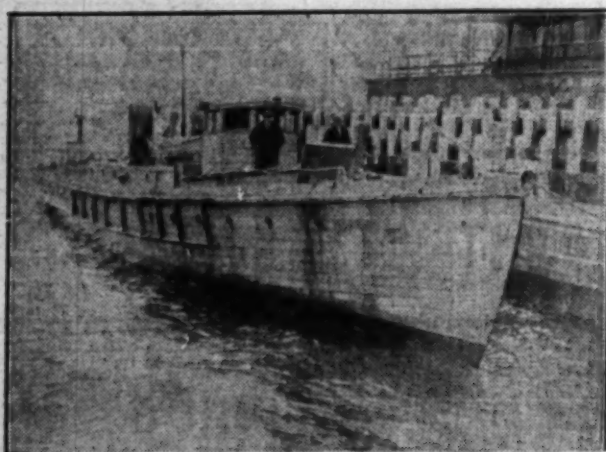

The One-Man Jury hearing the \$3,881,442 suit of American Can Company against government in New York pictured above. He is Michael Hartigan, 81. (P. & A. photo.)

Inside information on Bootlegging Industry being essential to the filming of Bebe Daniels' current opus, the production manager called in George Contreras, head of District Attorney's investigators, as technical adviser. Contreras is telling Bebe about it above.

A Blanket of Snow Which Transformed Into a Fairyland the already beautiful settings in Yosemite Park fell over the week-end in the national reserve. The above photo, taken shortly after the fall had ceased, shows the new hotel, the Ahwahnee, in its winter garb. Scores of visitors viewed the picture Saturday and Sunday.

New York's Christmas Rum Supply was materially depleted a few days ago when the Coast Guard ran down the SC-217, a converted sub chaser, after an exciting chase in which a number of shots were fired, and captured liquor valued at approximately \$750,000. (A. P. photo.)

BEFORE THE COMING OF THE WHITE MAN FROM EUROPE, THERE WERE NO DOMESTIC CATTLE ON THE NORTH AMERICAN CONTINENT. THE BISON, OR AMERICAN BUFFALO, HOWEVER, ROAMED OVER NEARLY ALL OF WHAT IS NOW THE UNITED STATES.

HOWEVER, THE SPANISH CONQUISTADORES BROUGHT EUROPEAN CATTLE TO MEXICO TO SUPPLY THEM WITH MEAT AND MILK WHILE ON THEIR MARCHES OF EXPLORATION AND CONQUEST.

THE NUMBER OF THESE IMPORTED ANIMALS INCREASED UNTIL THERE WERE VAST HERDS ON THE MEXICAN RANCHES, AND CATTLE RAISING BECAME AN IMPORTANT INDUSTRY IN THAT COUNTRY.

FROM TIME TO TIME, STEERS AND COWS STRAYED AWAY FROM THE HERDS AND BECAME WILD. FROM THESE "TERRIBLE" BECAME A DISTINCT BREED OF CATTLE KNOWN AS THE "TEXAS LONGHORN".

Best Quail Season in years is report of hunters who have braved inclement weather to get shooting in Southland. Pete Peterson is shown above with limit he bagged in a few hours in the brush near Mecca.

Not a Martian Costume! It's a Red outfit for steel workers during Exposition at New York recently. Power and Mechanical Engineering Society. (Herbert photo.)

Reducing the Predatory Animal Population of Wyoming—Here's Bud Peterson, government hunter, with his November quota of coyotes and bobcats bagged at Rock Springs, Wyo. Bud collects a bounty for every pelt and disposes of pelts later at a handsome profit. (Herbert photo.)

From Broadcasting Stations to Receiving Sets

STATIONS MUST SETTLE DISPUTE

"Hands-Off" Policy of Radio Commissioners

New Jersey Contestants Told to Arbitrate

KHJ's First All-Day Program Starts Sunday

By DR. RALPH L. POWER

Coming back to the idea put into effect four or five years ago by the late Col. John Francis Dillon, who used the method to settle local broadcast disputes, the Federal Radio Commission now announces that arguments between radio stations in the same cities must be settled locally.

Although the law vests authority in the commission to regulate operation of stations, division of time, and so forth, it does not come within the commission's scope to divide the merits of the programs offered by different stations, say the members of the Washington board.

TOLD TO ARBITRATE

Acting on this policy, Commissioner Caldwell has just notified the owners of stations WAAM and WNIJ, Newark, N. J., that their argument over time division on Sundays must be referred to a board of arbitration.

He says, further, that one board member must be selected by each station and the two must agree upon a third mediator to form the board.

Records of the commission indicate that WAAM broadcasts each Sunday morning while WNIJ is in the air Sunday nights. The latter station now wants to broadcast every other Sunday morning, and failing to come to an agreement with WAAM, appeal was made to the commission.

LOCAL AFFAIR

A local arbitration board, declares the commission, will be far better acquainted with local conditions, the relative merits of the programs offered by the contending stations, and other factors than members of the commission.

Radio interests everywhere are anxiously awaiting the outcome of the New Jersey incident, because, if at all successful, the commission will extend the plan to all such controversies as may arise in various parts of the country from time to time.

Writing of the commission, that body still is deluged with fan queries about all kinds of matters. The theory that broadcast is responsible for unusual weather conditions, or any kind still continues to bother scores of fans. This is attested by a statistical summary of letters on file in Washington.

RADIO WEATHER

The idea that electric waves sent out by radio transmitters had an effect on the weather a few years ago was rather widespread, but the popular superstition died down for a while.

Correspondence the past few weeks has brought the topic up for discussion again and many letter writers call for a government investigation of the subject.

One letter declared that "with the continual increase in the number of radio stations there is no foretelling what the eventual outcome might develop."

SUNDAY PROGRAM OF KHJ

KHJ, the Don Lee station, next Sunday will operate on its new Sunday schedule of a ten-hour broadcast. The new feature at that time will be the 12:30 to 2 p.m. broadcast of musical masterpieces. Commencing the 18th inst., the station will present its popular concert hour studio series, the First Methodist Episcopal Church via remote control from 10:30 a.m. to 12:30 p.m.; the studio hour from 12:30 to 2 o'clock; the matinee Melody Masters during the 4 to 5 period; dinner-hour concert and Los Angeles Times world-wide news from 5 to 7; then church services until 7 p.m., followed by the two-hour studio concert.

WORLD'S GREATEST STATIONS IN AMERICA

WASHINGTON, Dec. 13. (AP)—The three night-time broadcasts in the world are located in the United States.

WEAF at Baltimore, N. Y., KDKA at Pittsburgh and WGY at Schenectady, N. Y., each have a capacity of 50,000 watts and lead the field.

The most powerful stations outside the United States are at Moscow, Russia, and at Motola, Sweden, each operating on 40,000 watts.

Helps Clean the Drain

After the sink is cleaned out, pour down the grounds from the coffee pot along with some boiling water. They will serve as a cleanser and carry away the grease from the drain pipes.

MOHAIR PLUSH MAGNATE DIES

George B. Goodall Was Head of Eastern Mills

Came Here from Maine Last Week for Winter

Invented First Power Loom Used in Business

George B. Goodall, originator of mohair plush in America and president of the Sanford Mills and the Goodall Worsted Company of Sanford, Me., died suddenly yesterday at Hollywood Hospital after an attack of apoplexy. Mr. Goodall just had been established a winter residence here at 1812 Fuller avenue, 40 that he could be near his twin brother, Louis B. Goodall, partner with him in the mohair mills.

Mr. Goodall, who was 76 years of age, his brother built the Sanford Mills from its original \$40,000 plant in 1886 to its present forty-eight mill structure representing a capital of \$31,500,000. The concern was the most extensive users of mohair in the United States and they furnished all the mohair plush used by the Pullman Company as well as 75 per cent of the railways in this country.

During his sixty years in the mohair business, Mr. Goodall has been actively in charge and had supervised the preparation of the thousands of designs originated since the inception of the company. He invented the first power loom to be used in the mohair-plush business, and it was this that helped the brothers to push foreign competition to one side.

The manufacturer came here this winter at the request of his brother, who lives at 7900 Hollywood boulevard, arriving here the 9th inst. He was in good health until Sunday morning when he was stricken and immediately rushed to Hollywood Hospital. He was a widower, his wife, Henrietta D. Goodall, having died several years ago. In her home or he endowed a \$500,000 hospital in Sanford in her name.

Mr. Goodall leaves one daughter, Mrs. William Marland of Brookline, Mass.; his brother here; three nieces, Miss Lela Goodall, Sanford; Mrs. William Campbell, Boston, and Mrs. Arthur Jenson, 817 South Wilton Place, and one nephew, Thomas M. Goodall.

NEWS OF THE CAFES

The holiday jollification will reach its height in the Hotel Del Coronado with the New Year's Eve celebration. It will start with a grand ball beginning at 10:30 o'clock Saturday evening the 31st inst. As in former years, it is expected to draw the largest crowd of guests to the hotel. The ball will be held in the ballroom, which has been decorated with the most elaborate and costly decorations. The ball will be held in the ballroom, which has been decorated with the most elaborate and costly decorations.

ST. ANN'S INN WILL SERVE

R. L. Bisby, manager of St. Ann's Inn, in Santa Ana, announces that Christmas dinners will be served in the dining room of that hostelry on both Sunday, the 25th inst., and Monday, the 26th. Service will continue from 12 noon until 9 p.m.

A Christmas tree loaded with gifts will greet guests, every one of whom will be presented with a present. Those who have spent a holiday at St. Ann's Inn in the past know how thoroughly homelike the atmosphere is on such occasions and how excellent the service offered by Mr. Bisby.

COLORFUL EVENING

The Montmartre Cafe in Hollywood will present a colorful event this evening with the staging of an elaborate fashion promenade by the May Company.

One of the features of the evening's activities will be the prize dancing contest in which the May Company will present every couple entering the event with a prize. The winning couple will be awarded a mammoth loving cup measuring just under four feet in height.

Lola Wilson, screen star, will be hostess for the evening with Grace Kingsley, popular screen writer, as guest of honor.

DAIRY LUNCH APPEARS

The first of a series of dairy lunches known as the Simons Dairy Lunches, Inc., recently made its appearance at 6630 Hollywood Boulevard.

This will be followed rapidly by others located at convenient places in the city, according to J. B. Williamson of the firm of Cornwall & Banker, realty brokers.

The corporation, which is capitalized at \$1,000,000, has been formed by Abe Lyman, well-known orchestra leader, and his brothers, Mike Lyman and William Simon.

SMITH FAMILY HAS TROUBLES

Three Wives in Court to Get Divorces with Varied Sets of Reasons

It was Smith day in Judge Bowron's court yesterday.

Came first Julia Smith to complain that Clarence Smith was too greedy for her kisses. "He made my life unbearable," she said.

Then up rose Ethel Smith to tell about John Smith who, she said, embarrassed her in the eyes of her friends and relatives by making sarcastic remarks about her.

Mrs. Nellie Q. Smith was the next of the clan to air her troubles. John W. Smith, she related, kicked her shins.

Judge Bowron gave each of them a divorce.

CHAMBER'S YULE LUNCH ARRANGED

Nonbusiness Affair to Talk About Holidays Will be Held Next Wednesday

In keeping with the Christmas spirit, the Chamber of Commerce yesterday announced through A. G. Arnold, secretary and general manager, its annual membership gathering in observance of the period. The luncheon will be held at noon next Wednesday on the eighth floor of the Chamber of Commerce Building.

The aim of the luncheon is to promote a feeling of good will and to forget, if possible, business cares and worries for the brief holiday season. During the luncheon business will be taboo and speakers representing the three major faiths will tell the meaning of the holiday spirit.

The luncheon, although particularly for the chamber membership, will be open to the public. Reservations may be had at the Chamber of Commerce.

Enrollment for Teacher Course Open Thursday

When California pedagogues gather from surrounding towns for the annual teachers' institute in Los Angeles this week, opportunity will be given those who desire advanced study for teaching credentials and higher degrees to register in the winter quarter of university colleges, the downtown division of the University of Southern California, beginning Saturday morning, and late afternoon classes are held granting full university credit. Enrollment opens Thursday. Information may be procured on the thirteenth floor of the Transportation Building, Seventh and Los Angeles streets, between 8 a.m. and 9:30 p.m., or by calling Trinit 1701.

Courses in education, English, commerce, French, German, biology, chemistry, history, home economics, mathematics, music, philosophy, physical education, physics, political science, psychology, sociology, speech and speech are included in the 1927-1928 winter-quarter program.

"There's one thing about divorce—it does keep marriageable men in circulation."

The Cynic Looks at Literature

LITERATURE today is anything that can be sent through the mails.

Novelist—Any man who puts his sex desires in writing.

Dramatist—A man who gets an idea and writes it into a play so that he may gather more money for it from the movies.

Poet—A man who has not yet discovered that there is good money to be made writing ads.

Title-writer—A man employed by motion-picture companies to prove that it is quite possible to make a living without an education.

Novels today are usually of one of the three following classes:

A Study in Social Values: that is, a novel about people who get married without being in love.

Decadent: that is, a novel about people who make love without getting married.

Epic: that is, a novel about people who make love and get married.

(Copyright, 1937, by The Bell Syndicate, Inc.)

THE GUMPS

UNDER THE PERSONAL DIRECTION OF COL. WM. E. DICKEY, THE GUMP GUARDS ARE RAPIDLY BECOMING AN EFFICIENT MILITARY ORGANIZATION. YESTERDAY AFTER REVIEWING THE TROOPS, COMMANDER-IN-CHIEF GUMP CONGRATULATED COL. DICKEY AND ORDERED GOLD MEDALS FOR ALL TO COMMEMORATE THE OCCASION.
